Mexican Rebels Keep American Troops Ever on the Alert.

Defending a railroad. Gen. Salazar.

With Raids Across the Border

The insurgents under Salazar, staff officer of Gen. Orozco, are giving the American troops on the border a merry time. Salazar, whose face appears in the group of pictures, has led a number of raids across the line and an American force on this side is obliged to keep pace with him to prevent him from coming in again. The peace commissioners are the ones sent over from Mexico City recently to treat ineffectually with the bloodthirsty Zapatistas in the South. The other picture shows rebels in action for possession of a railway line near the border.

TABLES TURNED: HE SUES HER.

ALLEGES SHE BROKE A PROMISE TO WED HIM.

Los Angeles Maid Admits that a Man With Newspaper Clippings Proclaiming His Great Wealth Is Hard to Resist, but She Says He Borrowed All Her Money.

(By Federal Wireline) Line to the Times.

SAN FRANCISCO BUREAU OF THE TIMES, Sept. 10.—[Special Dispatch.] A woman with newspaper clippings to show that he is wealthy is hard to resist, says Miss Lillie Gregg, in reply to a breach of promise suit filed by Henry C. Rock, owner of a restaurant. Through her counsel, Miss Gregg, now living at No. 2537 Post street, says Rock induced her to promise to wed him by fraud and that he borrowed all her money.

Miss Gregg is 24 years old and came here from Los Angeles about a year ago. Her income came from her father in monthly remittances of \$100. Miss Gregg says she lent Rock more than \$200 when he declared he did not have his check book with him to draw against a fortune which a newspaper clipping said he had in a local bank. She admits she agreed to marry him, which she says caused him to forget his check book the more frequently.

At no time during their engagement or at other times, the girl declares, did Rock give her a penny. Although his complaint states he lent her \$200 he asks \$2000 damage because of humiliation at the marriage not being consummated, as they both had told their friends it would be in June.

Miss Gregg says she learned of Rock's alleged deception from other newspaper clippings and she then broke the engagement. From that date forward she declares he dogged her footsteps and for weeks at a time had detectives following her. Once she alleged he tried to borrow money from her and when she told him that she had none to give him, she alleges he threatened to kill her.

Thirteenth Cavalry Delayed.

PORT RILEY (Kan.) Sept. 10.—[By A. P. Night Wire.] Because of delay in obtaining transportation facilities the Thirteenth United States Cavalry, ordered to start for the Mexican border tomorrow, probably will not start before Friday or Saturday, officers said today.

Official.

CALLS INTERVENTION A REMOTE POSSIBILITY.

(BY FEDERAL (WIRELESS) LINE TO THE TIMES.)

WASHINGTON BUREAU OF THE TIMES, Sept. 10.—[Special Dispatch.] While the situation in Mexico is regarded as extremely grave, the crisis being expected before the end of the week, when 1200 Federal troops intend to try to cross over into American territory, in order to attack the rebels on their flank, there came direct from Acting Secretary of State Huntington Wilson today the assurance that there is no present likelihood that the President will call a special session of Congress to deal with the problem, and that intervention is but a remote possibility.

WATTED BY GAYNOR.

Mayor of Gotham On Reformers.

"I Have a Reputation You Can't Scandalize," He Tells Them.

Applause Greets the Philippic He Hurls at the Sociologists.

Insists He Was a Purist Before One of His Examiners Hit the Earth.

(By Federal Wireline) Line to the Times.

NEW YORK BUREAU OF THE TIMES, Sept. 10.—[Special Dispatch.] Mayor Gaynor this afternoon testified that he had learned that Lieut. Charles Becker was "the head of the police graft and no underling."

Testifying before the Aldermanic committee investigating police matters, the Mayor made this assertion, adding that when he heard it he was hurt, but not surprised. He had heard charges against Becker a year ago. Now, he said, he hates the very name of Becker and never wants to hear it again.

"POOR ME!"

"Poor me," the Mayor careened in the middle of his long examination, when he declared that he had nothing to do with the administration of the police department.

After much time spent in criticizing his inquirers and their methods of questioning, the Mayor settled down, interspersing frequent flashes of rebuke with illuminating dissertations on Sunday saloons and the social evil. He had much to say against those who, he said, sold drugs and poisons to the poor and against those who paid girls \$3 a week.

Mayor Gaynor frequently asserted his faith in Rhinelander Waldo as an honest and efficient police commissioner. He said that after taking office as Mayor he had abolished the graft necessary to get promotions in the police department and the graft which saloon-keepers paid to violate the excise laws.

CALLS IT INFAMOUS.

"The liquor dealers were treated infamously," he said. "Any liquor dealer who pays graft now is a fool." In this connection he delivered a philippic on sociologists and reformers drinking in their clubs on Sunday and refusing the poor the glass of beer in a barroom. He denied the assertion that of 401 saloons visited by agents of the committee last Sunday 344 sold liquor. In this connection he denounced the "miserable hypocrites" who insist on the enforcement of Sunday laws which teach men to violate the same laws.

Mayor Gaynor testified for almost three hours, in which he frequently was interrupted by applause.

It was the general opinion that the Mayor came out of the examination with flying colors from the standpoint of making good on his own position.

The trial of Deputy Police Inspector Hayes for "making a false official statement" came to its end this afternoon. With the exception of Inspector Grant, who was absent, the inspectors testified they never received orders not to enter houses to procure evidence.

When the last of the inspectors had descended, red faced, from the stand, Commissioner Waldo closed his case. Hayes had no more witnesses to offer and both sides agreed to discontinue with summing up. Deputy Commissioner McKay, sitting as judge, reserved decision.

SNAPPY LANGUAGE FROM MR. GAYNOR.

(BY A. P. NIGHT WIRE TO THE TIMES.)

NEW YORK, Sept. 10.—A mid a burst of handclapping William J. Gaynor, Mayor of New York, took the witness chair in the City Hall this afternoon and was sworn in by Alderman Curran to testify before the Aldermanic Committee appointed to investigate graft in the police department.

"We are anxious to know," said Mr. Buckner, counsel for the committee, "how the Mayor keeps in touch with conditions in the police department?"

"Mainly by letter from the commissioner," the Mayor replied. "Sometimes he talks with me."

"Is there no special way in which you keep advised of conditions?"

"By letter from the commissioner," the Mayor replied. "Sometimes he talks with me."

"Have you had any system of reports for ascertaining general conditions in the city for any week or any month?"

"Oh, yes," said the Mayor wearily. "I have hands and legs and ears and feet."

"But you have no way of learning conditions except through the commissioner?"

"Oh, take it that way if you want to," replied the Mayor.

"I shall withdraw as a witness if you do not ask me pertinent questions."

"I decline to answer," the Mayor cried, when asked if "his system was defective."

"Add me about facts and I will answer."

Later the Mayor broke into a trade

NAVY RECRUITS WANTED

Force Has Greatly Fallen Off Due to Delay in Passing Appropriation Bill.

WASHINGTON, Sept. 16—With the enlisted force of the navy nearly six thousand men below its normal strength the department today began an active campaign to get recruits.

The total enlisted force now is 44,766 or 5684 less than required by law. One of the chief causes for the fall-

Labyrinth.

**DEATH NOT DUE
TO DROWNING**

**AUTOPSY ON MRS. ROSA SZABO
INCREASES SUSPICION.**

The navy, however, is looking forward to the autumn, when hundreds of men probably will be thrown out of work. Steps already have been taken to establish recruiting stations in Denver, Salt Lake City and Rich-
 -Austro-Hungarian Consulate, Which Asks for Memorial of Attorney
 Burton W. Gibson, as Administrator, Contends that Forgery Entered Into the Will Case.

NEW YORK, Sept. 10.—[Exclusively.] The fact that the physicians who performed the autopsy today on the exhumed body of Mr. Rosa Sazo, a negro, who was alleged to have been drowned, declared that they found indications that Sazo died from other causes than drowning, has increased the suspicion that he was murdered.

ing to hide the body of a young white woman after she had been attacked, was shot to death this afternoon. The body was found in one of several hundred white men. His body was mutilated with a crowbar, and the body was found with his neck and the body was dragged to the town square where it was strung up to a telegraph pole.

OUT DOWN BY AIRCRAFT. — Frenchman, fatally wounded on Moisant Aviation Field at Mineola By Machine of Mexican Pupil. (BY DIRECT WIRE TO THE TIMES.)

MINNEOLA (L. I.) Sept. 16. — [Exclusive Dispatch.] Another death toll was added to the list of victims of the airplane crash at Mineola, Long Island, when a Frenchman, a pupil of the late Moisant, was killed by the crash of his plane. The victim, Georges Monnier, a pupil of

Monnord stood at the edge of the field and watched the plane take off. The pilot, a young aviator, watching a try-out of the Mexican who started a descent. Rules ran down the runway, and the Frenchman, to get out of the way, but Monnord seemed dazed, his eyes

A Real Riot of Reduction

Prices on Men's New Fall and Winter

Suits Knocked Down and Out

Over a Thousand Summer Suits, L

and Best Styles Follow in

...and Best Styles Follow in the Same Path

This is the time when a big clothing and furnishing trade show must accept its dues. Therefore, it should also be the time for every man in Los Angeles to make his gains. The opportunity to purchase reasonable goods—New Fall and Winter suits, the first to arrive—can be yours. Buy in bulk, and pay their clothing and furnish without the slightest drain on the books.

We like this tip—be on first thing when the sale opens—

[illegible]

A large deposit was paid on the order of Fall and Winter Suits, and they could not return until the summer months. The building in which they were located was sold—their lease was cancelled all this prior.

Men's \$2 pants, 1.45; \$4 pants, \$8.25, and \$7.50 pants. Men's \$6 shirts, \$1.95; \$4 shirts, \$1.25; \$3 shirts, \$1.00; and \$2 shirts, .75. Collared shirts and marked 2 by 25c by neckties and 12mc rubber collar. Arrows, silver and gold. Collared shirts, \$1.00. Not all sizes in every style, but among them—at least each pair. House, 25c Boston garters and 25c

Naturally they did not come to lose the suits. They were the only way to save it was to accept the suits when they arrived and dispose of them at almost anything for cash.

So here they are—between 1900 and 1860 of the very best styles and fabrics the largest variety of men's suits ever offered before to offer this season. Absolutely the biggest money saving opportunity ever heard of. The suits are made of the finest quality materials. Some of the suits are worth \$100.00 or more. Several hundred dozen each.

[illegible]

Don't forget the location—North
Sixth and Spring streets,
Davis-Huntington.
Open to 9 p.m. daily; Saturday,
to 10 p.m.

CHICAGO PLANS SUBWAY ROADS.

System Fifty-six Miles Long
Is Recommended.

Expenditure of Many Mil-
lions Will Be Necessary.

Every Section of Windy City
to Be Penetrated.

(By Federal (Wireless) Line to The Times.)
CHICAGO BUREAU OF THE
TIMES, Sept. 10.—[Special Dispatch.]
A hundred-million-dollar municipal
subway system, totalling fifty-six
miles in length, with two north-
south side main lines, three main lines
tapping the West Side as far as For-
tenth avenue, and two additional lines
terminating at Western avenue, was
recommended today by the subcom-
mittee of the local City Council com-
mittee.

A TIME SAVER.
The capacity of the subway system
planned is estimated at 180,000 seats
per hour. The routes were laid out
in conjunction with a study of the
relative density of the city's popula-
tion and penetrate every section
where residents are numerous enough
to make a subway practicable. Con-
struction of the system will make pos-
sible, according to the committee's es-
timate, a time of nineteen minutes
from Lawrence avenue to the loop, six-
teen minutes from Madison street and
Fortenth avenue to the downtown
section, and half an hour from Sev-
enty-ninth street and Cottage Grove
avenue to the loop.

HE HAS ROSEY VISION.
Railroad President, After Ten Thou-
sand Mile Trip, Says Banner Crops
Mean Great Prosperity.

(By Federal (Wireless) Line to The Times.)
NEW YORK BUREAU OF THE
TIMES, Sept. 10.—[Special Dispatch.]
W. C. Brown, president of the New
York Central lines, returned home
yesterday after traveling 10,000 miles.
Mr. Brown's frame of mind was dis-
tinctly optimistic. He said: "I went
west through the principal agricul-
tural states, stopped at most of the
important cities, and visited the
Boards of Trade and Chambers of
Commerce of a part of them. I did
a good deal of riding in automobiles
out to the fields and closely observed
agricultural conditions. In my
opinion the United States is doing
harvest this year the greatest crop
it has ever produced. In Ohio, which
is gradually becoming a factor in the
production of wheat, a great
many fields turned out from forty to
fifty-five bushels to the acre of No. 1
wheat, and the extremely favorable
weather we are having is rapidly
changing the prospect of a bumper
crop of corn into a reality."

"In the spring wheat states, the
Dakotas, Montana, Washington and
Oregon, the harvest was in full swing
with the promise of a record-breaking
crop. Through the wheat-producing
portions of Canada, Alberta, Sas-
atchewan and Ontario, the harvest
was being somewhat delayed by show-
ers, but it looked as though a full
average crop would be secured."

"The great lumber industries of the
Puget Sound country, which has been
depressed for three or four years, are
reviving and orders are being booked
far in advance of the ability of the
mills to furnish the material or the
railroads to supply cars to handle them."

"Business men in all parts of the
country seem to have made up their
minds that the pending Presidential
contest need not necessarily interfere
with business. It seems to be the
consensus of opinion that no matter
which of the principal parties may be
successful no action is liable to be
taken which will seriously affect the
industrial and commercial business of
the country. Our party spent about
seven days in Alaska, going as far
north as the border of the Yukon
territory, north of Skagway, stopping
off at Kotchikan, Wrangle, Juneau,
the Federal gold mines, Douglas
Skagway and Sitka."

"The mining interests everywhere
representing copper, gold and silver
are prosperous and there is great ac-
tivity in the way of prospecting and
new development work. This is es-
pecially true in the neighborhood of
Juneau and in the valleys southeast
of Skagway."

MARIE LA SALLE-RABINOFF.
Nebraska Woman, Wife of Russian
Impresario, Succumbs to Operation
in London.

(By Cable and A. P. to The Times.)
LONDON, Sept. 10.—Marie La
Salle-Rabinoff, an American opera
singer and the wife of Max Rabinoff,
the Russian impresario, died in a
hospital here today after an opera-
tion. She was formerly Miss Jessie
Richmond of Beatrice, Neb.

VANDERBILT PROTEGE.
HOW SHE WON FAME.

(By A. P. Night Wire to The Times.)
NEW YORK, Sept. 10.—Madame
Marie La Salle-Rabinoff, who died in
London today, was to have appeared
at the Metropolitan Opera house here
next year. The young soprano's mu-
sical career was promoted by the aid
of Mrs. W. K. Vanderbilt and Mrs.
Otto Kahn. She took the name of
La Salle and her music teacher in-
duced Max Rabinoff, the former
Chicago orchestra director, in her
career. She went abroad to study, but
returned three months later to this
country and was married to Mr. Rab-
inoff in Jersey City. Madame Rabinoff
resumed her study abroad and
since then has appeared in leading
roles with the Philadelphia, Boston
and Chicago opera companies. This
coming season she was to have made
a tour to South America and Mex-
ico. She was 35 years old.

Emil Frida.
PRAGUE (Austria) Sept. 10.—[By
Cable and A. P. Wire.] The noted
Czech poet, Emil Frida, died yester-
day.

Emil Frida, who wrote under the
pen name of Jaroslav Vrchlicky, was
born at Louny, Bohemia, February 15,
1882. He wrote many poems and
books on Bohemian history and myth-
ology. He composed twenty dramas
and made numerous translations into
the Czech language of the world's
best literature.

HERE IS A REAL DYSPEPSIA CURE

SOOR, GASSY, SICK STOMACHS
PUT IN GOOD ORDER.

"Pape's Diasepsin" Settles Upset
Stomachs and Ends Indigestion
in Five Minutes.

Do some foods you eat hit back-
taste good, but work badly; ferment
into stubborn lumps and cause a sick,
sour, gassy stomach? Now, Mr. or
Mrs. Dyspeptic, get this down: Pape's
Diasepsin digests everything, leaving
nothing to sour and upset you. There
never was anything so safely quick, so
certainly effective. No difference
how badly your stomach is disordered
you will get happy relief in five min-
utes, but what pleases you most is
that it strengthens and regulates
your stomach so you can eat your
favorite foods without fear.

Most remedies give you relief some-
times—they are slow, but not sure.
Diasepsin is quick, positive and puts
your stomach in a healthy condition so
the misery won't come back.

You feel different as soon as Diasepsin
comes in contact with the
stomach—distress just vanishes—your
stomach gets sweet, no gases, no
belching, no eructations of undigested
food, your head clears and you feel
fine.

So now, make the best investment
you ever made by getting a large 50-cent
case of Pape's Diasepsin from
any drug store. You realize in five
minutes how needless it is to suffer
from indigestion, dyspepsia or any
stomach disorder.

SUII Sizing.

PROMISES COLD AND HEAT STAYS.

CHICAGOANS ALL DOWN ON THE
WEATHER FORECASTER.

Two Persons, One a Boy of Thir-
teen, Drop on Streets—Milk for
City Is Already Greatly Dimin-
ished and Continuance of Present
Conditions Will Shut Off Supply.

(By Federal (Wireless) Line to The Times.)
CHICAGO BUREAU OF THE
TIMES, Sept. 10.—[Special Dispatch.]
Despite the promises of the weather
bureau that cooling winds were on
their way to Chicago, the city today
sweltered in another hot wave, the
mercury holding between 90 and 92
from 12 o'clock noon, until 5 in the
evening. At sunset it dropped to 86,
but the still air and high humidity
made life almost unendurable.

Two more people dropped on the
streets from the heat, one being a
boy of 13.

FROST IN NORTHWEST.
Reports of frosts last night in the
Northwest and cooler temperatures
in the Central Mississippi Valley,
however, bore out the promised cool-
er weather. President E. Frankendorf
of the Chicago Federal Weather Bu-
reau, says the city is on the ragged
edge of a storm that will mean a drop
of 25 deg. in temperature. Chicago
spent the day hoping he is right.

This break is expected to mean the
end of the summer heat and the
beginning of autumn. There are no
more torrid spells in sight, according
to the experts.

That the milk supply of Illinois
will be completely shut off in two
more days unless the weather break
comes, is the report of the dairy
men. Some of the cattle, they say,
have not eaten for a week. The milk
supply has depreciated 40 per cent. in
this week, and some of the ice
cream manufacturers are using pre-
pared milk in making their product.

ISMAY TO STEP OUT.
His Place at Head of International
Mercantile Marine Company to Be
Taken by New Yorker.

(By Federal (Wireless) Line to The Times.)
NEW YORK BUREAU OF THE
TIMES, Sept. 10.—[Special Dispatch.]
News of the impending changes of
importance in the management of the
International Mercantile Marine
Company reached here today, confirm-
ing rumors so long current. From a
reliable source it is learned that
J. Bruce Ismay, the president, and
Harold G. Sanders, first vice-presi-
dent, will resign at the end of the
year.

Ismay's place as executive head of
the company will be taken, it is un-
derstood, by P. A. S. Franklin, now
vice-president and head of the busi-
ness in this city.

Trackless Voids.

AVIATOR LOSES WAY IN ETHER.

LOS ANGELES YOUTH HAS AN AT-
TENDING EXPERIENCE.

In Effort to Qualify for a Pilot's
License at Chicago He Wanders
Half an Hour in the Air—Other
Birdmen Make Ascent in an Effort
to Locate Missing Man.

(By Direct Wire to The Times.)
CHICAGO BUREAU OF THE
TIMES, Sept. 10.—[Exclusive Dis-
patch.] C. L. Wiggins, a youthful avi-
ator from Los Angeles, Cal., lost his
way in the air today, adding to the
excitement at Cicero field, where
trial flights were going on continu-
ously. For half an hour he soared in
the sky unable to get his bearings.
Wiggins has no air pilot's license,
and he is trying to earn one before
the meet starts Thursday.

He started to fly to Clearing in his
biplane, but became confused and lost
his bearings. He kept flying in an
effort to spy a landmark that would
tell him where he was.

Max Little and Deloyd Thompson
went up in their machines to look
for him, but failed to find him. The
other aviators became alarmed, fear-
ing Wiggins had fallen. The young-
ster found his way back to Cicero
field after a brief rest started for
Clearing again. This time he ar-
rived there and returned in safety.

SANTA MONICA CANYON

"All the Year Round"

Your immediate attention should be given to this fast selling beach-canyon combination.
Your trip of inspection in one of our autos should not be put off a day longer. Call us up
now!
The period of time in which you can be a lucky "first buyer" is fast drawing to a close.
Remember! Every single lot in Santa Monica Canyon has wonderful profit-making possi-
bilities.

We call your attention particularly to those remaining lots, each with a giant sycamore. For home or
investment purposes Santa Monica Canyon has no superior. The popularity of this subdivision accounts
for sales of nearly \$375,000.00 made in a few short weeks.

Large, Attractively Located Lots at Moderate Prices and on Easy Terms

Go down today and let us show you how money can be made in this all-the-year-round home place—
where dollars are being spent on improvements and hundreds of handsome homes will be
built. No pioneering. Water, gas, electricity, telephones, stores. Take any car to Santa Monica. Trans-
fer at Santa Monica to Canyon car leaving Colorado street.

STRIKERS RIOT WITH IMPUNITY.

Duluth Police Cannot Check
Deeds of Violence.

Street Cars Rolled Down Hill
and Workers Beaten.

Three Thousand Men Engage
in Turbulence.

(By Federal (Wireless) Line to The Times.)
DULUTH (Minn.) Sept. 10.—[Spe-
cial Dispatch.] More than 3000 strik-
ing motormen, conductors and their
sympathizers engaged in a riot to-
day which was past the power of the
police to check.

Car windows were smashed, dash-
boards broken and several cars were
derailed on the steep grades and rolled
down hill, smashing them to kind-
ling wood.

Three non-union motormen were
dragged from their cars and badly
beaten. Only 10 per cent. of the
city's surface cars are in operation
and they are running practically
without passengers.

DREDGERS' STRIKE FAILS.

Employers Win Victory But Volun-
tarily Grant Returning Men In-
crease in Wages or Shorter Hours.

(By Direct Wire to The Times.)
SACRAMENTO, Sept. 10.—[Ex-
clusive Dispatch.] Falling in line with
the dredge workers of North-
east California have returned to their
work and all dredgers have now re-
sumed work.

The dredgemen declare that they
lost because their union is yet too
young, and has not a sufficient per-
centage of men employed on dredgers
as members. While the employers
won a victory, many of the owners
have voluntarily raised the wage scale
or out down the hours.

LOS ANGELES FIRM'S BID LOW.

Building Trades Council, It Is De-
clared, Will Fight Awarding of
Normal School Contract.

(By Direct Wire to The Times.)
SACRAMENTO, Sept. 10.—[Ex-
clusive Dispatch.] The F. O. Engstrom,
Construction Company of Los An-
geles, against which organized labor

has been fighting at a cost of many
thousand dollars for the past five
years, submitted the lowest bid for
the construction of the Santa Barbara
Normal School building among the
eight bids opened by the State En-
gineer.

Engstrom's figure was \$50,832, the
next lowest was the Louis A. Hill
Company of San Francisco, \$52,100.
The bids will be submitted to the
Advisory Engineering Board, the
State Board of Control and the At-
torney General before the contract
becomes binding.

It is declared that the State Build-
ing Trades Council will submit evi-
dence tending to show that the En-
gstrom company does not deserve to
be considered a responsible bidder.

BIG JOB FINISHED.

Survey Party Marks Boundary Line
All the Way from the Pacific to
the Arctic.

(By A. P. Day Wire to The Times.)
DAWSON (Y. T.) Sept. 10.—The
International boundary survey party,
which has been marking the line be-
tween Alaska and the Yukon Terri-
tory, arrived here yesterday, having
completed the task of surveying the
142nd meridian from the Pacific to the
Arctic Ocean. At the north end of the
line a bronze monument was placed
out of reach of the highest waves,
and smaller monuments were set
every three miles along the line.

Geologists accompanied the expedi-
tion and made a complete geological
survey. Topographical work and the
blazing of the wide right of way was
also completed the entire distance.

Some Sensible Advice on Womanly Beauty

Healthy hair adds much to woman-
ly beauty, and it is such an easy mat-
ter to have a glorious mass of lovely
hair that the dull, "stringy" kind is
inexcusable. A teaspoonful canthrox
dissolved in a cup hot water removes
every particle of dust, dandruff and
excess oil, and after rinsing, the hair
dries quickly and evenly. Canthrox
shampoos promote hair-health and in-
sure a wealth of lustrous, even-colored
looking hair.

Remove tan and freckles and keep
the skin clear, velvety and attractive
for the social season by daily applying
a lotion prepared by stirring two tea-
spoonfuls of glycerine into one-half
pint witch hazel (or hot water) then
adding four ounces aprunax. This
lotion is used instead of face powder
and though invisible, tones the skin to
a beautiful, natural color while cur-
ing tan, sunburn, freckles, surface
blemishes and the oily, shiny appear-
ance of the face, so often due to per-
sistence.

Three times the normal effort
required here—tired horses

ALCO
Motor Trucks

This downhill study saved
wasted energy—tired horses

The Follies of Animal Transportation

When a team of horses pulls two or
three tons up a hill, say of a ten per
cent grade, they become pretty well
tuckered out. There is a great strain.
The effort required to get the load up
the hill would doubtless equal the
effort required to pull the same
load two or three miles on a level
street. Result: very tired horses.

But if you stop to consider, it takes
also some effort for a team of horses
to hold back a load coming down a hill.

It doesn't require as much effort, of
course, as going up, but there is con-
siderable energy expended. And every
ounce of it counts with horse or animal
transportation.

Every step lessens a horse's energy
for the day. At the end of the day he
is a tired animal. Through the day he
must have his rest spells—his recesses
from hauling.

An Alco motor truck never tires.
Going up a hill is without effort.
Hills make no difference. The Alco
powerful motor of the Alco pulls the
load up in less than half the time it
takes horses to descend.

In going down the hill the Alco
quick acting brakes hold the load
rigidly in the control of the driver.
There are four different brakes. Two
of them are on the rear wheels, two
drums. Two of them are the hand
motive, or clasp, type of brake.
They are on the slack shaft.

This is not presented as a major
argument for installing motor trucks,
but it is a major argument why you
should look into them and find out
what they can do. Make the story
phonically Main 3973, and ask to
have an Alco Transportation Expert
call on you. No charge.

Alco Trucks are built by the American Locomotive Company
LOS ANGELES ALCO MOTOR SALES CO.
Distributors also of Alco 6-cylinder and 4-cylinder Motor Cars.

Cities and Towns of Los Angeles County

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

Pasadena FOGG DECLARES HIS ANTIPATHY.

Pasadena Councilman Is Bitter in His Criticisms.

Labor Day Band Wants Pay for Its Blowing.

School Cafeteria Will Be Conducted as Formerly.

(Office of The Times, 53 S. Fair Oaks ave.)

PASADENA, Sept. 11.—The subject to which the most attention was given at yesterday's session of the city council was the question of whether the city shall send City Health Officer Black to the annual session of the National Congress on Sanitation, soon to be held in Chicago.

After a spirited discussion, in which Councilman Fogg declared Dr. Black to be incompetent, \$72 was appropriated to defray railroad expenses. Councilman Fogg was the only one who opposed the action which was taken.

Fogg said that if he were sending anyone he would send one "who has ability." Mayor Thum asked if he did not believe Dr. Black to be competent to go, and he declared: "No, indeed I don't. I know of too many mistakes he has made. And I have yet to find out any good that has come from junketing trips."

The difference of opinion was finally settled by Councilman Rhodes, Root, Kurland and Barron, who sent Dr. Black to the convention, and Councilman Fogg voting no. Councilmen Shutt and Chaffee left the meeting before the vote was taken.

In a communication considered at yesterday's session, A. B. Nye, chairman of the State Board of Equalization, notified the Council that far-reaching legislation affecting the revenue laws is likely to come up at the next session of the State Legislature. He wrote in part:

"It is a practical certainty that important revenue legislation will be considered at the session of the Legislature beginning the first Monday in January, 1914, and it is probable that proposals will be offered to change some or all of the rates of tax imposed on the public service corporations by the constitutional amendment, adopted in 1910, and which are subject to modification by a two-thirds vote of the Assembly and Senate."

Despite the fact that the Board of City Commissioners twice refused to give its recommendation that the city furnish a band for the Labor Day celebration, a bill for \$65 was presented to the Council yesterday by Walter S. Schneider, manager of the Crown City Band, which played at the Labor Day celebration.

Some of the members of the Council favored paying the bill and it was finally referred to the City Attorney.

On the site of the old North Beach bathhouse at Santa Monica is to be raised immediately one of the finest buildings of the kind on the Pacific Coast. It will cost \$60,000 and possess artistic lines.

who was asked for an opinion concerning the legality of such payment.

LOSS BY FIRE.—Yesterday the following estimates were made of the losses sustained by the fire which partially destroyed the Fenyes building at No. 55 East Colorado street, in which the office of the Southern California Edison Company is situated, last Monday night.

Total loss, \$21,000; loss to building, \$1000, fully covered by insurance; loss to dry-goods stock of Dr. M. Jones and C. L. Hunt, \$12,000, covered by insurance; loss to Southern California Edison Company, \$8000, covered by insurance; loss to Albert Hiller, photographer, \$800, partially insured; loss to Dr. Albert Fenyes in office fixtures, \$400, no insurance.

Albert Hiller, his mother, Mrs. E. Hiller, and his sister, Mrs. Louise Hiller, occupied rooms directly over the place where the fire started. Had it not been that Hiller only last Monday afternoon changed his sleeping quarters from a room in the rear of the building to one in the front, he might have been suffocated by the smoke.

MAY CHANGE PLANS.—The Board of Education may not place the management of the high school cafeteria in the hands of the student body this fall, as contemplated, after all. President Ogier of the board favors continuing the management of the cafeteria under the arrangements which have previously obtained although D. J. Macpherson, another member of the board, has entered a protest to this.

Another matter which is under consideration by the Board of Education is a proposal which has been made to establish an industrial school in the city, to differ from the new Polytechnic High School in that its purpose would be to teach the standard trades to pupils who may desire to take up the work as a means of earning their living. Nothing definite has come of the proposition as yet, although it is urged by Superintendent of Schools Rhodes.

Another school is soon to be built on the north side, to accommodate the children of that part of the city and of Altadena. It will be called the West Altadena School and will be built to relieve the Washington and Cleveland schools. Full plans are prepared for a permanent building, a portable bungalow will be set up at the corner of Palm and Rose avenues.

CITY BRIEFS.—City-Att. Carr left last night for San Francisco to attend a session of the State Railroad Commission which will be held there today, at

which the demurrer of the Southern California Edison Company relative to the lighting rates will be argued. The Elks Home on West Colorado street was the scene of a spirited gathering last night. Special trains brought Elks from Pomona, Riverside and San Bernardino to inspect the new Pasadena building.

The City Council yesterday passed upon first reading a new ordinance calling for the sale of the \$1,260,000 water bonds for which no bids were received at the last time set for their receipt. The new ordinance is identical with the old one.

Hotel Vista del Arroyo, Pasadena. Pictures framed at Wadsworth's. Ranches, acreage, homesites. H. L. Hayman, La. Canada.

Hotel Maryland and Maryland grill open all summer.

ARRAIGNED FOR ASSAULT.—A young man of Covina who was so ready with gun must answer for the offense.

COVINA, Sept. 10.—Henry Wright, the 17-year-old son of Mrs. C. W. Wright, was arraigned yesterday in court of Justice Wells, on the charge of assault with a deadly weapon. His examination will be held before Justice Wells on September 25.

Wright is the young man who shot Lloyd Powell, a West Covina rancher, during a midnight altercation. Powell was coming home from the late car, and, according to the story told by him, Wright came out of his home and fired on them with a shotgun, thinking they were thieves.

Powell was badly injured in the thigh. The complaint was sworn to by D. A. Powell, the father of the injured man.

NEWS BRIEFS.—The funeral of George J. Smart was held this afternoon at the residence on Badillo avenue. Southern California Lodge No. 278, F. & A. M. of Los Angeles, of which he was a member, was in attendance, and the funeral services were conducted by Rev. B. A. Johnson of the Methodist Church. Burial was in Oakdale Cemetery.

Ten acres of oranges at Charter Oak, belonging to Mr. and Mrs. H. N. Wells, sold today to Mr. and Mrs. Waldo L. Hughes of Charter Oak. The consideration was \$18,000.

Trout, deer, quail at Wheeler's.

WATTS BRIEFS.—A meeting of the local Parent-Teacher Association was held at a uniform price of 3 cents for each lunch. Mrs. H. C. Perkins has been secured to take charge of both branches of the new work.

Watts is to have a real theater. Heretofore there have been a couple of show houses used for the exhibition of moving pictures, but these were not equipped with a satisfactory stage, hence it has been decided to build a house, giving particular attention to the stage. It is understood that as soon as the lease is signed, which has already been drawn, the work on the building is to commence.

A petition to be presented to the next meeting of the City Council asking that it be made unlawful to use profane and obscene language on the street, or in any business place within the city. The State law now provides that a person who uses such language shall be fined not more than \$100, but there are cases that cannot be reached by the law alone. It is the purpose of the new law as demanded, in respect to permitting the unwarranted use of indecent and profane language on the street. The principal offense appears to be committed at the Pacific Electric depot and does not give those who transfer at this point a good impression of the behavior of the Watts people, although this breach of etiquette may have been committed by a stranger in the city.

Hunting, fishing, bathing and good accommodations at Wheeler's.

AZUSA.—AZUSA, Sept. 10.—Yesterday at Streeter Park there was a game of baseball between the married men and the bachelors of town. In spite of the fact that the bachelors are probably more accustomed to making home runs, the bachelors won. The score was 11 to 10. The sports of the afternoon were under the auspices of the Chamber of Commerce, and for the benefit of the clubhouse, which the Azusa Women's Club is erecting.

Trout fishing best at Wheeler's.

THE LEMON FAMINE.—CHICAGO, Sept. 10.—[By A. P. Night Wire.] Lemon prices soared today, the fruit retailing at 40 cents a dozen against recent quotations of 25 cents to 30 cents. A general famine in the lemon supply, both domestic and foreign, was the reason assigned for the remarkable upturn in prices.

Coronado Trail City still open.

Santa Monica. NEW BATHHOUSE WILL BE BUILT.

SANTA MONICANS TO RAISE AN IMPOSING STRUCTURE.

On Site of the Old North Beach Institution a Gorgeous Modern Bathhouse Is to Be Immediately Placed. Westcott Is Arrested on a Second Charge of Looting.

SANTA MONICA, Sept. 10.—On the site of the old North Beach Bathhouse will soon arise one of the finest and most artistic bathing establishments on the southern coast. Actual construction work on a handsome two-story and mezzanine building costing \$60,000 will be begun by the Santa Monica Bath-house Corporation within a few days.

The building will be constructed of reinforced concrete. It will have a frontage on the ocean of 150 feet and a depth of 105 feet, and will be of highly ornamental design, with a dome in the Grecian style. A wide rest and reading-room will occupy a space 48x60 feet in the center of the building. There will be 300 large dressing rooms, each opening outside, or onto the court, and each will have a glass roof and will be largest and best appointed dressing-rooms now extant.

A court for the parking of automobiles, 150x50 feet, will be built at the rear of the building, and swinging doors will enter from this court into the center rest-room. There will be every convenience to patrons, and the most sanitary conditions will prevail. The starting of work on the bathhouse will be the signal for a boom in building in the vicinity of the municipal pier.

SECOND CHARGE FILED.—Carl Westcott, discredited former member of the local military company, was arraigned on a second charge of armed robbery yesterday and placed in jail in default of bonds. R. J. Paulin, the Pier avenue furniture man, was the complainant this time. Westcott, the police say, proceeded to take a lot more loot secured from a cash box at the station from a cache in his home, when the police surprised him and took him and the alleged loot to the station.

Paulin recognized some missing silver, and the complaint was issued. The other boys of the local military are greatly incensed at Westcott for having thrown aspersions upon the entire company. It was stated yesterday that fourteen members of Company E gathered at Westcott's house last night, intending to give him a coat of tar and feathers and ride him out of town. They waited

two hours before they knew that he had been arrested.

SHORT NEWS STORIES.—Word was received today by Dr. William Whalen of Sixth street, that his brother, John Whalen, well known here, had met death yesterday while on a hunting trip near Heber City, Utah. The message states that Whalen was climbing the side of a hill, when a big boulder rolled over him, crushing his life. The body will be shipped here.

Joseph Cripe, a blacksmith employed at a shop on Main street, was nearly killed to death today as a result of a peculiar accident. He was shoeing a horse, and while he was taking out the old shoe, the animal kicked, the jagged edge of an old nail severing the radial artery of his left hand. He fainted and lay for some time before friends improvised a tourniquet and carried him, unconscious, into the office of Dr. W. M. K. Bunnell, to his injury. He lost a great quantity of blood.

A peculiar situation has arisen over the identification of the body of a young man which floated ashore here yesterday. Attorney McKeeby of Los Angeles, came here yesterday and stated that the body was that of a client, George H. Kirker. But today Mr. and Mrs. W. A. Williams of Los Angeles stated positively that the body was that of George Winters of Los Angeles, who had been living with them for some time. Under the law it is in question regarding the disposal of the body. Both McKeeby and Mr. and Mrs. Williams are equally positive as to their identification, and the coroner will probably be called upon to finally decide who gets the body.

G. G. Bunnell, who attended to his injury, lost a great quantity of blood. A peculiar situation has arisen over the identification of the body of a young man which floated ashore here yesterday. Attorney McKeeby of Los Angeles, came here yesterday and stated that the body was that of a client, George H. Kirker. But today Mr. and Mrs. W. A. Williams of Los Angeles stated positively that the body was that of George Winters of Los Angeles, who had been living with them for some time. Under the law it is in question regarding the disposal of the body. Both McKeeby and Mr. and Mrs. Williams are equally positive as to their identification, and the coroner will probably be called upon to finally decide who gets the body.

CONFIRMED BY SENATE.—WASHINGTON, Sept. 10.—Harry E. Nolan, the young diplomat arrested in New York charged with abduction, was confirmed by the Senate as Secretary of Legation at Panama on August 22. Nolan was ordered to report for instruction to the State Department, but has not yet been confirmed, and has not been confirmed by the State Department. The government will take no action until the courts pass upon the case.

His Mind Unbalanced By Drink—Suicide

The Daily Appearance of Such News Items Tells the Story of Hundreds of Wrecked Lives Due to Alcoholic Excesses.

Such news items would never appear if men poisoned and crazed by drink were sent in time to a Neal Institute and given the Neal Drink Habit Treatment. In three days they can return to their homes "free men"—free from the awful craving for drink, the satisfying of which unbalances the mind and causes self-inflicted death. Such news items mean that the community has lost a valued citizen, the family a husband, a father, a support, a companion. Every man who drinks is taking the chance of meeting the same end—failure and death—in some equally distressing manner.

The drinking man is a poisoned man, and to get rid of the alcoholic poison, which is driving him to distraction, is the only way to escape. The safe, sure way to get rid of the appetite for drink is to take the Neal Drink Habit Treatment, which will thoroughly eliminate all alcohol from the system and restore its functional effect upon the body tissues, in three days' time, without the use of painful, dangerous hypodermic injections. When this is accomplished all craving and necessity for drink is removed, and the alcohol-crazed man again becomes a sober, useful citizen, completely master of himself.

If further information is desired, write to the Los Angeles Neal Institute, 945 S. Olive st., or write or phone G. U. Neal, Manager, for Dr. Neal's free book. Phone Broadway 4602; A4072.

ENGLISH WEDDING CAKE.

Two Years Are Required for Their Maturity, and Sometimes Months for Their Ornamentation. Although the wedding cake of England has no fairer like bliss about it, it will hold its own with any cake in the world. It is a snow-white ornamentation and its deliciously-rich interior, the wedding cake, which never makes the wedding cake specialist, there are rows upon rows of wedding cakes packed away like rare wines to mature, and when ready for use they are sent to the bride and groom to designs submitted by the bride or provided by the firm's own artists. The ornamentation alone often takes months to complete.

According to a wedding cake expert, it is the custom at the moment at society weddings to ornament the cakes with an eye to lightness, and for this purpose the tiers are placed on Corinthian pillars, between which are small doves on shells. Pastors or closely-clad ivory leaves ornament the base, and the structure, which often runs up to eighty-four inches, is surmounted with sugar flowers and leaves.

Some of the cakes weigh as much as 250 pounds, and the price goes up to 60 guineas or so, although the modern wedding cake can be purchased at as low as half a guinea. In military weddings the decoration often runs on lines suitable to the regiment, and for navy ceremonies small dreadnoughts and anchors in sugar are the chosen ornament. If the family has a crest and motto it is worked into the scheme.

The latest fashions in wedding favors include crackers, which are filled with wedding mottos for distribution among the guests. These crackers are larger than the Christmas varieties, and they are tied with flowing white satin ribbons. Bags in fancy paper filled with rose leaves for strewing along the bride's path are an innovation which is favored this season, and in place of the rice and confetti, which used to be thrown at the bride and bridegroom, there are quaint little shoes, Cupids, horseshoes and wedding bells carried out in silver.

John J. Hernan is now manager of Hotel del Coronado.

NEW THEATER.

was issued today from the city engineer's office, for the remodeling of the building at No. 565-569 Main street, which is now being used as a temporary theater. The remodeling of the building is being done by the city engineer, and the new theater will be opened in the near future.

THE PACIFIC ELECTRIC has discontinued the work of reballasting the Colton line temporarily, and the work is expected to be completed in a few days. The work was discontinued because of the heavy rain, which has caused the ground to become too soft for the work.

SUPERVISORS' CONTROVERSY.

San Bernardino County Officials Enter Into Agreement

Picturemaker Suffers from Thirst on the Desert.

Eighteen-hundred-acre Apple Orchard Is Proposed.

Sept. 10.—Over the opposing vote of Supervisor S. V. Horton the board today passed an order abandoning to the Pacific Electric a certain portion of Colton avenue, between this city and Colton, in return for the promise that the Southern Pacific will abandon its right of way for a steam road into this city.

Sept. 10.—When the motion for granting the Pacific Electric a double-track franchise along Colton avenue and lower E street was made, Horton would interpose a protest on the ground that the Southern Pacific might in good faith abandon the use of its steam road from Colton to this city, but that the traffic agreement which the Southern Pacific has with the Salt Lake would still remain in force.

Sept. 10.—In other words, Horton fears that even should the Southern Pacific keep faith, the Salt Lake would still have the use of the steam railroad and therefore there would virtually be no genuine abandonment of the road.

Sept. 10.—Supervisor Fine charged Horton with always standing in the way of the people of San Bernardino, and that he should be removed from office.

Sept. 10.—The board today passed an order abandoning to the Pacific Electric a certain portion of Colton avenue, between this city and Colton, in return for the promise that the Southern Pacific will abandon its right of way for a steam road into this city.

Sept. 10.—When the motion for granting the Pacific Electric a double-track franchise along Colton avenue and lower E street was made, Horton would interpose a protest on the ground that the Southern Pacific might in good faith abandon the use of its steam road from Colton to this city, but that the traffic agreement which the Southern Pacific has with the Salt Lake would still remain in force.

Sept. 10.—In other words, Horton fears that even should the Southern Pacific keep faith, the Salt Lake would still have the use of the steam railroad and therefore there would virtually be no genuine abandonment of the road.

Sept. 10.—Supervisor Fine charged Horton with always standing in the way of the people of San Bernardino, and that he should be removed from office.

Sept. 10.—The board today passed an order abandoning to the Pacific Electric a certain portion of Colton avenue, between this city and Colton, in return for the promise that the Southern Pacific will abandon its right of way for a steam road into this city.

Sept. 10.—When the motion for granting the Pacific Electric a double-track franchise along Colton avenue and lower E street was made, Horton would interpose a protest on the ground that the Southern Pacific might in good faith abandon the use of its steam road from Colton to this city, but that the traffic agreement which the Southern Pacific has with the Salt Lake would still remain in force.

Board of Managers by the superintendent of the State Hospital at Patton, shows that 52 patients were received at the institution for that month, and that September 1 the patients numbered 1,397. The increase continues steadily, keeping the board of managers in a constant state of alarm. The figures will be presented to the State Board of Control, and by that body laid before the next Legislature.

Carriers wanted—Times Office, Pasadena. Spend your autumn vacation at Wheeler's Springs.

NO INDICTMENTS. SAN DIEGO, Sept. 10.—[By A. P. Night Wire.] The grand jury, which has been in session at intervals for months past, and before which charges against the late vigilantes are being presented, today returned no indictments. In a report submitted by the grand jury, it was stated that the vigilantes were not found guilty of any crime.

Coronado lovely in the fall. CORONADO, Sept. 10.—The fall season is the best time to visit Coronado. The weather is just what is needed for a vacation. The scenery is beautiful and the accommodations are excellent.

FACTS OF INTEREST. The Number of Voters. [New York World.] The estimate of the Census Bureau of the number of voters that will take part in the November election is misleading. It puts the male vote at 3,656,000, making a total of 24,338,000 male voters in the United States. To this it adds 1,500,000 female voters in the Western States, where women have the suffrage.

While the total population between 1900 and 1910 increased 15,771,000, or 21 per cent, the number of actual voters from 1900 to 1908 increased only 1,359,365, or less than 10 per cent. In 1908 more than one person voted for President to every five of population; in 1908 the one person voted to every six of population, although the total vote was over 900,000 larger than in any previous Presidential election.

Japan's Coal Supply. According to a report on the coal mining industry of the Hokkaido, issued by the Japanese Foreign Office, the estimate of the coal resources of that island exceeds 600,000,000 tons. The prospects for successful development, as regards supply, are deemed to be exceptionally favorable, as the output of the whole of the Hokkaido barely exceeds 1,000,000 tons yearly. The resources of the rest of Japan are calculated to be about 800,000,000 tons.

In spite of increase in production there has been no rise in value; in 1906, when the output of Japan was 12,000,000 tons, the value was \$5,300,000. In 1908 the total value was the same but the amount had increased by 2,000,000 tons, while in 1909, with a slightly increased production, the value diminished to \$5,800,000. These conditions are attributed to the introduction of labor saving devices, and to the fact that the output has exceeded the demand. The production for Japan for the years 1907, 1908, 1909 and 1910 was respectively 12,000,000, 14,825,363, 15,048,113 and 15,681,324 tons.

World's Postal Business. [Harper's Weekly.] According to French statistics, recently compiled, there are at present some 271,000 postoffices in the world, spread over ninety-seven States, and covering an area of over 30,000,000 square miles. The United States has the greatest number, 63,843; Germany comes second with 49,838 offices, and the United Kingdom or Great Britain has 47,000. Russia has 18,000, France 13,000, and Italy and Austria have each about 9,000 offices. It seems that the average daily postal business of the world amounts to some 110,000,000 mail pieces of all sorts, representing

on the estimated value of the contents of registered letters a sum of \$68,000,000. The number of the world's postal officials is given in French statistics as 1,394,247, to which Germany furnishes the greatest number, 314,251. There are said to be 757,558 mail boxes in the world.

Britain's Increasing Insane. Every year during the last decade there has been added to the number of the certified insane in England and Wales the equivalent of something like three battalions of the British army each year by year the pathetic army of the broken in mind and often in body is, in proportion to the population, growing greater.

These are the main facts which emerge from the Blue Book of the sixty-six annual report of the Commissioners in Lunacy; though there is doubtless much other food for the sociologist and the eugenicist. Except for the outdoor pauper insane, who showed a diminution of 2 per cent there were, on January 1, 1912, increases in all groups of insane persons and the total of 133,443 certified persons under care in England and Wales exceeded the figure of a year ago by 2,001.

Further, there was an average annual increase for the ten years ending December 31, 1911, of 2,485, and the decrease in the outdoor pauper group was apparent rather than real, being due to the fact that the results of the old age pensions act has been to remove a number of insane persons previously rate-supported from the care of the Lunacy Commissioners.

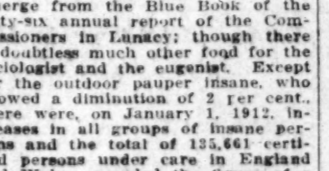

Of the total number of certified insane persons, 46.5 per cent. were males and 53.5 per cent. females.

Go to Coronado 13th and 14th—only \$3 round trip. Coronado agency—434 Spring St.

BOWELS SLUGGISH, STOMACH SOUR, GASSY, UPSET? CASCARETS GREAT!

That awful sourness, belching acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means your stomach is full of sour bile—your liver is torpid—your bowels constipated. It isn't your stomach's fault—it isn't indigestion—it's biliousness and constipation.

Try Cascarets; they immediately sweeten the breath, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter from the bowels. Then your stomach trouble is ended. A Cascaret tonight straightens you out by morning.

10 Cents. Never grips or sickens. "CASCARETS WORK WHILE YOU SLEEP."

GIBRALTAR

"Dr. Gibbs was killed in a well cave-in. Come if you think it necessary," was the wording of a dispatch received here last night by Coroner E. P. Fuller. The Coroner left for Hinkley, the region is far out on the desert. It is believed that the Gibbs homestead lies some distance from the railroad. Evidently the newly made widow traveled alone across the desert to the nearest telegraph station to personally send to the Coroner news of the tragedy. It is believed that the physician met death in a well which he was sinking on their desert homestead in an effort to secure water for domestic and irrigation purposes.

GOLDEN WELCOMING BY ALL CALIFORNIA.

Great Formal Reception to the Grand Army Happily Informal.

Ringed Cheers, Upon Cheers and Stirring Songs of Fighting Days Cut Into Set Programme as Spontaneous Enthusiasm Sways Shrine Auditorium Audience—Appreciative Words by Commander-in-Chief.

SWEEPING down in ever-increasing volume from her lofty heights, across fertile valleys and through fragrant orange groves to the created waves of the broad Pacific, the mighty tide of California's golden welcome to the Grand Army of the Republic burst last night on the rostrum at Shrine Auditorium. The true eloquence which springs from the heart and finds expression on the lips of orators greeted the veteran warriors and welcomed them to the State. The

gazed from the rostrum out over the expanse of upturned faces, were confronted with a picture of wondrous beauty. Southern smilax and ferns intermingled with palms entwined the stately columns, while flags were festooned over the walls. Fragrant flowers were banded in the balconies and the lights shed a soft radiance from beneath clusters of posies.

CHERRING THAT STRIPS
Pent-up enthusiasm overflowed its bounds long before the Auditorium

HUNDREDS SUBPOENAED TO RECTIFY RETURNS.

BECAUSE their tally lists were incomplete or improperly made out, 125 of the 722 precinct election boards of the county have been subpoenaed to appear before the Board of Supervisors and rectify their errors since the count was begun last week. This has resulted in the service of subpoenas to 550 men, since a majority of each board must appear. Deputy sheriffs have had their hands full in finding the delinquent officials.

Ever since the canvass was begun a watchman has been stationed outside the door of the Board of Equalization room at the Hall of Records, where the count is being made, to direct the subpoenaed officials to the Supervisors' office on the floor below, where their errors are rectified before the returns go to the canvassers. From ten to fifty men have been waiting uneasily for their turns at almost any hour of the day.

PROGRAMME OF EVENTS FOR GRAND ARMY TODAY.

THIS is the "big day" of the Grand Army encampment, the most spectacular event of the week—the great parade of the veterans—to be held this morning at 10 o'clock. The parade will form in the vicinity of Fifth and Los Angeles streets at 9:30 o'clock.

The line of march will be west on Fifth to Main street, north on Main to Second, west on Second to Spring, south on Spring to Sixth, west on Sixth to Broadway, north on Broadway past the reviewing stand on the Courthouse grounds to Temple, east on Temple to New High and the Temple Block, where it will disband. The streets involved, and certain others, enumerated elsewhere in this issue of The Times, will be closed to traffic promptly at 9 o'clock and will remain closed until after the parade.

JOIN HANDS IN FLAG'S SHADOW.

Warriors of West and East Meet to Cannon's Roar.

Fifteen Thousand Veterans at the Soldiers' Home.

Inspiring Day Ends in Joy at Venice-by-the-Sea.

Veteran met veteran at the National Soldiers' Home yesterday, when the 15,000 inmates of the institution greeted 15,000 visitors and made them welcome. It was G.A.R. day at the Home and the most interesting and inspiring of the week thus far, for here the veteran visitors found the atmosphere of the war and of ante-bellum days in a faithfully preserved among the skyscrapers and great commercial lanes of the metropolis.

Some disappointment resulted from the inability of Commander-in-Chief Trimble of the Grand Army of the Republic to be present, but this soon dissipated in the pleasures of the reunion, inspection of the Home and grounds, and discussion of the luncheon provided in spacious mess tent. Here the comrades drew their tile cups from the commissary department and waited in line for their rations; only this time it was not hardtack, and near coffee, but dainty sandwiches and native fruits.

THREE HUNDRED CARLOADS.
The army and its thousands of followers was on the march early, and entrained with the expedition of experience for the scene of the day's—no battle—but welcoming festivities. Three hundred carloads of them were dispatched in addition to those who made the trip by auto.

At high noon the plaza was filled with the strains of martial music quickening the veteran pulse and jerking the blood through sluggish veins. The Home band came marching towards the great flagstaff. A clarion note from the band bugler rang out clear and sweet and instantly an answering "Boom" resounded across the parade ground, as Gunner William A. Culbertson fired the "Salute to the Flag" from a historic cannon that served its country well at Gettysburg.

A sudden hush, dramatic in its intensity, fell upon the great throng as the soldiers of an earlier day and the guard of today came to rigid attention while Sergeant Liveness, and Privates Hodges and Dagle dipped the colors; the highest mark of esteem that can be paid honored guests of the nation.

As Old Glory rose to the masthead, the band played the "Star Spangled Banner," and the thousands reverently uncovered.

FIFTEEN THOUSAND EAT.
A rush for the mess tents followed, and 15,000 hungry soldiers and civilians soon reduced to nothingness the luncheon provided for the occasion. "We have about four times as many as we expected," said Col. J. J. Cochran, Governor of the Home. His figures correspond closely with those of the Pacific Electric officials, who estimated the movement at 15,000.

AT VENICE.
The traffic problem somewhat cut down the attendance at Venice where the army men were invited to finish

33

Public Service: City Hall, Courts.

SUMMARY OF THE DAY.

The City Council yesterday referred to the Public Welfare Committee the subject of creating a "dry" zone at San Pedro to insure greater efficiency of employees on harbor development. The committee will have a public hearing Friday morning at 9 o'clock.

The subject of granting a trolley franchise on San Pedro street was opened by the Council yesterday when it received its action of last week filing the application of the Pacific Electric. This and Los Angeles street will be before the Council at its session next Tuesday.

The City Attorney yesterday instructed by the City Council yesterday to prepare an advertisement of a railway franchise on South Main street from Thirty-sixth place to Manchester avenue, and to report it to the Council next Tuesday.

The Los Angeles Railway Corporation asked for a franchise extending south only to Slauson avenue and will probably not bid on the franchise proposed.

A resolution was adopted by the City Council yesterday providing for the use of the streets around the Plaza as a free public market.

A story of peculiar heart interest is being unfolded in the Probate Department of the Superior Court.

A ranchman before his death wrote a letter to his daughter, telling her that for certain reasons he had not been able to acknowledge her as such.

He left the woman a fortune, and his half-brother in Germany is trying to break the will.

At the City Hall.

LEGAL REPORT
ON "DRY ZONE."

CANNOT RESTRICT ELECTION TO SAN PEDRO ALONE.

City Attorney holds that Charter Provisions for Submitting Liquor Questions in Annexed Territory Do Not Apply to Harbor District Consolidated With Municipality.

The proposal to create a "dry" zone at San Pedro in order to establish greater efficiency among workmen on harbor development is really a live issue. It appeared again at the meeting of the City Council yesterday, and is to be given a hearing before the Public Welfare Committee at 9 o'clock on Friday morning.

This will probably be an interesting session with representatives of all the civic organizations that have petitioned for the "dry" zone present to urge their arguments. Others will appear to present various phases of the situation.

The City Attorney made his report to the Council yesterday on the legal phases of the question. The petitions were referred to him some weeks ago for an opinion as to whether section 223-a of the charter prevents the Council from legislating on the subject.

The City Attorney says in this section provision is made that where the charter of an incorporated city or town contains provisions restricting, prohibiting or regulating the liquor business within the boundaries of such city or town, and this territory is subsequently annexed or consolidated with Los Angeles, then the charter provisions of the annexed or consolidated territory shall have an integral part of and take effect in the consolidated or annexed territory until altered or repealed by the vote of the majority of the electors within such territory at an election at which the question shall be submitted.

The City Attorney concludes that this does not apply to the present situation, and that the City Council is legally empowered to legislate upon the "dry" zone proposition. He says:

"At the time of the consolidation of San Pedro and Wilmington they were incorporated cities of the fifth and sixth class respectively, but neither were operating under a freeholders' charter. Therefore, section 223-a of the charter does not apply to the question referred to in the petitions and there is no provision made by the charter, other than that contained in section 223-a, for holding an election of any kind in a portion of the city only. It is not within the power to call an election in this territory for the purposes mentioned. The legislative power of the city, by section 13 of the charter, except as therein provided, vested in the Council and cannot be delegated by you to the electors within said territory. This question is, however, one upon which your honorable body is empowered to legislate."

There was discussion at the Council session yesterday as to whether the entire subject should be referred to the Legislation Committee or the Public Welfare Committee, but President Williams asked that it be referred to go to the latter committee, and stated that he wished to appear before the committee and make certain statements.

It is expected the proponents of the "dry" zone plan will be heard at the hearing Friday by Rev. P. H. Hickman, rector of St. Peter's Episcopal Church at San Pedro, who has made several efforts to restrict the liquor business at the harbor. The position taken by the City Attorney is the same as Rev. Mr. Hickman has been advocating, as he believes that as the bond money voted by the entire people is to be expended on labor for which the highest efficiency is desired, the people of the entire city should have the right to say whether these workmen shall be free from the influence of the saloons.

HEARING TODAY.

THAT P. E. FRANCHISE.

At 2 o'clock this afternoon the Board of Public Utilities will have a public hearing on the application of the Pacific Electric for a street railway franchise on Los Angeles street, from First to Ninth streets.

Opponents to the use of this street by the railway company will be in force, and also representatives of the property owners who favor granting the franchise.

The general situation is probably worse tangled today than it has been for weeks, so far as the question is concerned, as to which of the two streets—Los Angeles or San Pedro—shall be used by the Pacific Electric for its relief line to reduce the traffic congestion on Main street.

The City Council, which voted last Wednesday to file the application of the Pacific Electric for the San Pedro street franchise, reconsidered yesterday its vote and the subject of the use of this street is again before that body.

Councilman Lusk, who voted to file

the application last week, moved yesterday to reconsider and his motion was seconded by Councilman McKenna and carried unanimously.

Councilman Reed, Langdon and Whiffen were absent. Reed has opposed the use of San Pedro street for any other than the municipal railroad, and Councilman Whiffen is believed to be in favor of granting the Pacific Electric the use of the street under restrictions that would safeguard the proposed municipal line.

The Mayor, who last week emphatically in favor of the granting of a franchise on Los Angeles street, declared yesterday that he would not express himself in favor of either, but thought it was a wise action of the Council to reopen the question and thresh out the entire subject, rather than to subject that body's action to the referendum.

"I'm certainly tired of this threat of the referendum on every thing that comes up," declared the Mayor last evening. "They are carrying this thing to extremes. They talk about the referendum, but they don't want to be secured to build the proposed municipal line, but I don't see anybody coming through with the coin, and I know the city hasn't the funds necessary to build it."

The Reed resolution, providing that steps be taken to borrow funds to the extent of \$2,500,000 to build the entire harbor railroad, and the resolutions of the Harbor Commissioners, asking that a holding company be formed to build and operate the line, were referred by the Council yesterday to the Municipal Railroad Commission.

The Council instructed the clerk to have all documents pertaining to the San Pedro street application for a franchise at its meeting next Tuesday, and it is expected that the recommendations of the Public Utilities Board on the application for a franchise on Los Angeles street will also be presented. This means that there should be a clear-cut proposition before the Council next Tuesday as to which street shall be used for the Pacific Electric, and it is difficult to see how definite action can be further delayed.

MORE THAN ASKED.

MAIN-STREET FRANCHISE.

The recommendation of the Board of Public Utilities that a franchise for twenty years be granted to the Los Angeles Railway Corporation on South Main street, from Thirty-sixth place to Slauson avenue, went before the City Council yesterday morning, and there was also presented the proposition of Councilman Andrews that the City Attorney be instructed to prepare an advertisement of the franchise from Thirty-sixth place to Manchester avenue, which would be about two miles further south than the extension proposed by the railway corporation.

Andrews' plan was adopted by the Council. As the railway officials have declared they were not anxious to make the South Main street extension even as far as Slauson avenue, it is probable that they will not bid upon a franchise that would impose the building of two more miles of tracks in a sparsely settled section. The extension of the railway to the Council for further consideration on September 17.

Would Sell Small Tracts.

When the City Council adopted a resolution yesterday authorizing the sale of approximately 2000 acres near the Monolith cement mill, at a price not less than \$55,000, Councilman McKenna made a plea that the city adopt a policy of selling these surplus lands to small parcels to people who would actually improve them, instead of allowing the hands to be in the hands of speculators. He urged that the system be adopted whereby parcels of five acres each might be offered for sale to the highest bidder, and declared that the lands being offered were some of the best apple-growing lands in California.

The Council decided to proceed to advertise the entire parcel, and if the sale is not satisfactory, then the parcel will be divided into small parcels and further considered. Bids on this land will be opened by the Council on October 1. T. J. Martin, the city's land agent, located in the Central building, will give prospective purchasers information in regard to the property. This land was purchased by the city in order to secure control of clay deposits near the Monolith cement mill.

Public Market Place.

Councilman Betkouski yesterday introduced in the City Council a resolution providing for the use of streets surrounding the Plaza as a public market, which no fees are to be charged, and instructing the police department to provide an officer to preserve order there and the street department to provide a man and team to clean up the market hours, which are to be from 11 o'clock midnight to 9 o'clock a.m.

"We have here the opportunity to try out the public market idea without cost to the city, and if it proves a success then the idea will grow of its own merit," declared Betkouski, when speaking in support of his resolution.

The resolution was adopted and the City Attorney was instructed to investigate the legal situation relative to the use of public streets for such purpose. If there are hindrances, then it is probable any necessary ordinance will be introduced to remove such obstacle.

That Eastlake Conservatory.

The City Council yesterday voted to reject certain bids for supplies for the new conservatory being erected at Eastlake Park. In this connection Dr. D. Houghton appeared before the Council to present the protest of the Los Angeles Horticultural Association against the character of building being erected for the conservatory, and asked that a public hearing be given on the subject. This was referred to the Supply Committee, and the members of this committee agreed to inspect the building today and to consider the protest at the regular committee meeting.

Sewers for Hollywood.

The City Engineer was instructed by the City Council yesterday to begin the preparation of plans for a general system of lateral sewers for the Hollywood district, which will use the main sewer now being constructed in the Hollywood district and which will be completed during the year.

The work will require a considerable addition to the City Engineer's force of men, and he is instructed to make an estimate of the extra help required and confer with the Supply and Finance Committees thereon.

Provides for Map-making.

An ordinance was passed by the City Council yesterday providing for the employment of a corps of men, under the City Engineer's department,

for the purpose of making maps of the underground construction in the city's streets. This is necessary for the advancement of work of the Aqueduct Power Bureau, as it has been found that there are no accurate records of underground construction during a period reaching back a dozen or more years ago.

May Pay Off Bonds.

The City Council adopted the report of the City Attorney yesterday in regard to the improvement of Hope street, from First to Third streets, whereby provision is made that those who so desire may take advantage of the bond provisions of the Vrooman act in paying for their street assessments, instead of having to deposit the entire amount in cash.

The City Attorney notified the City Council yesterday that in the ordinance creating the Aqueduct Investigation Board provision is made for the preparation of seven copies of the report of the board, one of which is made for its publication. The City Attorney declared, however, that the publication of the report if that body deems it advisable. The report was made to the Supply Committee, and Councilman Betkouski of this committee announced that both the report and the members of the board of the investigating board would receive a reasonable hearing before the public.

Offer Cement at Cost.

A resolution introduced by Councilman Topham to the effect that the city should offer the cement necessary for the rebuilding of their town at actual cost and the cost of transportation, was adopted by the City Council yesterday. This cement would come from the aqueduct cement mill at Monolith.

Will Advertise Franchise.

The City Attorney was instructed by the City Council yesterday to prepare an advertisement of the franchise for the legalizing of the Pacific Electric's crossing of Turquoise and Normandie streets, on his short line. The franchise is to carry provisions for a five-cent fare to the northern city limits, a regular stop at Ruby street, a five-foot sidewalk along portions of the right of way and several minor provisions, as considerations.

Pomeroy-Street Protest.

Notwithstanding the protest of property owners of Pomeroy street against the improvement of that street, on the grounds that it is not a public necessity and the cost is far in excess of the benefits to be derived, the City Council yesterday adopted the report of the Streets and Boulevards Committee that the best interests of the city demanded the improvement. The committee's report stated that the street would be a main means of access to the Junction station of the Pacific Electric and therefore would serve a public purpose. The assessment district for the improvement of Pomeroy street, from Bred to Soto streets, will cover several blocks.

Harbor Water Plans.

The Public Service Commission yesterday opened bids for iron and steel pipe, from six to twenty inches in diameter, street main valves, pumps and motors, for the proposed rebuilding of the Monolith cement mill. The bids aggregating possibly \$75,000, have been received in advance of the close of negotiations with the San Pedro Water Company, and are to expedite the work. The plans include running a main under the harbor to the Hill street pump station, and from the latter district was at the meeting yesterday to see how matters are progressing.

Hill-Street Tunnel.

The petition of property owners adjacent to the property accented, asking that the Hill street tunnel be extended through from Temple to Sunset boulevard, was before the City Council yesterday and was sent to the Streets and Boulevards Committee. Councilman McKenna is especially interested in this project and declared in the Council session that it is of great importance as a means of relieving the congestion of traffic in the downtown district, as it would open an outlet for a vast volume of travel.

Many Letters of Thanks.

The Fire Commission received many letters of thanks yesterday for the good work done by the Los Angeles fire companies at the Ocean Park fire, which was extinguished by the Ocean Park fire company. The commission received a check for \$50 for the firemen's pension fund.

At the Courthouse.

UNCOVERS HEART BEFORE DEATH.

FATHER WRITES OF LONGING TO ACKNOWLEDGE DAUGHTER.

Leave Sixty-thousand-dollar Fortune to Her, and Half-brother in Germany Is Trying to Break the Will—Letter Tells of Old Ranchman's Heartache.

The longings of a rich and lonely ranchman to take his daughter, who never knew him, on his knee and caress her, was told pathetically in a letter written by Dietrich Christian Mensing and read into the record of the court yesterday.

Mensing, a Minna, P. Todd, was acknowledged in this letter as the ranchman's daughter, and as a compensation for the love he never bestowed on her because of conditions which practically prevented it, she was left the bulk of his property, valued at \$60,000.

This will, which Mrs. Todd filed for probate, is attacked by Werner Bohman, a half-brother of Mensing, who lives in Germany. He alleges Mensing was induced to believe Mrs. Todd, his daughter by the false representations of her mother. He further asserts that the instrument purporting to name Mrs. Todd as his daughter is Mensing's last will, and contends the ranchman was of unsound mind.

The letter plays a more or less important part in the contest, as the court yesterday was asked to provide for the employment of a corps of men, under the City Engineer's department,

hands your father, who now has no greater wish than that he could put his arms around you and call you his darling daughter, will be in the happy hunting grounds."

He wrote he would explain how it was that he could never tell this, it was a secret locked up in his breast, away from his wife, and not told until her death. The contest is being heard by Judge Willis.

NAMES GUARDIAN.

COURT SAFEGUARDS PROPERTY.

The property and person of Mrs. Catherine A. Jewett, widow of the late Solomon Jewett, a wealthy oil operator, were taken care of by Judge Rivers in the Probate Court yesterday when he appointed the Title Insurance and Trust Company trustee for the property, and Mrs. Jewett's guardian of Mrs. Jewett.

Mrs. Jewett, according to the petition filed by Mrs. Stevens, has made her home with Mrs. Stevens for three years, and last July suffered a stroke of paralysis. It was alleged in a complaint filed recently by S. Wright Jewett, a stepson of Mrs. Jewett, that she was being deprived of her property by undue influence. This suit is pending and is intended to prevent the rest of the property, valued at about \$150,000, from being dissipated.

HELD IN CONTEMPT.

OIL MAN ESCAPES JAIL.

J. L. Berry was ordered into the custody of Bailiff Gates by Judge Cole yesterday for contempt in failing to obey an order of the court to sign a release within ten days to the California Oil Company. Berry was purged himself by signing the release under protest in the courtroom and was discharged.

It appears that Berry had a contract with the company to drill oil wells, and sublet the contract. He had a claim against the company for money, and the company alleged that he had advanced him certain sums. The matter was finally given to arbitrators who declared in favor of the company. Their finding was confirmed by Judge Willis and was in effect that Berry must pay back to the company \$1169.58.

FIGHTS REMOVAL.

WOMAN SEEKS INJUNCTION.

A peremptory order from the official of Ocean Park on Mrs. Helen E. Duggan to remove her dwelling which escaped the flames on the 3rd inst., on the ground that they are dangerous and a nuisance, resulted in Mrs. Duggan asking for an injunction yesterday to restrain the city from enforcing the order. She asserts the houses are safe and sanitary and therefore no reason exists for demanding their removal.

The cottages face the Speedway and are occupied. The order calls for the removal of the cottages within the time limit for removing the buildings is twenty-four hours.

HE MUST GET OUT.

WIFE WANTS POSSESSION.

As a result of the troubles of Frederick Webb and his wife he must vacate his home within twenty-four hours. An order to this effect was issued by Judge Monroe yesterday on an order to show cause why a divorce should not be granted. Webb, who was also ordered to pay his wife \$50 a month.

Mrs. Webb charges Webb with cruelty. She was in court yesterday with her attorney, Edward F. Wehrle, and showed that the home is her property and declared she desires possession.

FEARS PRISON.

BATTLE FOR FREEDOM.

Dr. C. P. V. Watson, who is under a three-year sentence to San Quentin for malpractice, was denied bail by Judge McCormick yesterday and must remain in the County Jail pending his appeal to the Supreme Court. Watson declares his health is failing and that if he remains in jail confinement will result disastrously. Certificates from several doctors employed by Watson affirmed this state.

To ascertain his real condition, Dist. Atty. Fredericks had him examined by Dr. J. H. Watson, and the latter's report was that Watson is in no danger so far as his health is concerned.

OPOSED TO CHANGE.

FORECASTS CONFUSION.

The Los Angeles Abstract and Trust Company, which is seeking in the courts to have its name changed to the Los Angeles Title and Trust Company, will have a fight on its hands when the application comes up for hearing on the 17th inst. The Title Insurance and Trust Company is opposing the change on the ground that it will lead to confusion, especially with reference to mail and on the ground that the name is its trade-mark and the company has been so known since its organization in 1898.

Attorney Gates, head of the legal department, stated yesterday that the company's name was changed to the Los Angeles Title and Trust Company, which is a corporation of \$100,000 of mail a day, and that a considerable percentage is wrongly addressed but rightfully belongs to the Title Insurance and Trust Company. Two companies with practically the same name would lead to serious results in mail delivery, he contends.

Experts Fix Prices.

Experts for the Southern Pacific valued the right of way it is seeking to condemn through the Ballerino estate at \$1.40 to \$1.50 a square foot, in Judge Bordwell's court yesterday. The real estate men valued the estate said the land is worth from \$3 to \$4.50 a square foot.

The right of way is wanted by the company for a spur track, and through the Ballerino estate it is 180 feet long by thirty feet wide, lying between Alameda street and Ferguson alley on Alameda street. The company's experts who testified yesterday are Robert M. Allen and Paul A. Crippen.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

PAPERS TIED UP. Alleging that an agreement to transfer forty-five acres of land near East Whittier in exchange for 368 shares of the capital stock of the Fulcrum Domestic Motor Company had been violated, W. Moore filed suit against Elmer W. Coffey yesterday, seeking to compel him to complete the deal. The case is set for trial in Judge Boardwell's court.

The Los Angeles Abstract and Trust Company has been sued by the title company for breach of contract. The case is set for trial in Judge Boardwell's court.

PER CENT Mortgage Gold Bonds Safest best investment in the world

The underlying security for these Bonds is mortgages upon California Real Estate, on a basis of about 40% to 50% of its value. In other words, it is direct mortgage security, making them absolutely safe, yet providing a 6% or 7% interest-earning investment preferable to ownership of the mortgage itself.

No loss of interest, no loss of time, no attention or worry on your part. Every six months you get your interest. Repayment of bonds provided for, or if you want your money sooner, you can re-sell them, all or in part.

Let us tell you more about these Bonds.

Tax Exempt. Interest Paid Twice a Year.

Judge of Department One Returns and Dismisses Dwells in Hearts of Petty Offenders

Police Judge Chambers of Department One returned to his bench yesterday after a two weeks' vacation and proceeded to handle the Police Court docket in a manner that brought dismay to petty offenders.

While Judge Chambers is handling the court cases this week, Judge Erickson will be punishing a small ball on a golf links. He will be away several weeks.

Judge Williams of the University Police Court has returned from his vacation, and Judge Chesbro, who sat for him, has returned to San Pedro.

Fined for Speeding.

E. Rapp and R. Wiggins were arraigned before Police Judge Chambers yesterday on complaints sworn to by Motorcycle Patrolman Blaisdell charging them with speeding on their motorcycles on Wilshire boulevard and North Broadway. They were fined \$25 or twenty-five days.

The following were fined \$1 each for operating their motorcycles on autos on the streets with the mufflers open: W. Fowler, H. Black, W.

Frank Boone, alias Harry Sawtell, was arraigned before Police Judge Chambers yesterday on a complaint sworn to by T. W. Miller, charging him with forgery. It is alleged he signed the name of Dr. J. C. Cowen to a check for \$12 made payable to Harry Sawtell, and drawn on the Home Savings Bank. He will be given his preliminary examination today.

Bird of Passage.

H. J. Goodgear, arrested last Saturday by Patrolman Thornberg on suspicion of being a highwayman and for carrying concealed weapons, received a ninety-day suspended sentence yesterday on his promise to leave the city at once. Thornberg testified he had shadowed Goodgear for three months. Goodgear is suspected of having held up a man in the entrance to a Main-street hotel, but could not be positively identified.

Forgery Is Alleged.

Frank Boone, alias Harry Sawtell, was arraigned before Police Judge Chambers yesterday on a complaint sworn to by T. W. Miller, charging him with forgery. It is alleged he signed the name of Dr. J. C. Cowen to a check for \$12 made payable to Harry Sawtell, and drawn on the Home Savings Bank. He will be given his preliminary examination today.

THE OIL INDUSTRY.

WE SECURED FRANCHISES.

Pipe Line Project Well Under Way.

Extend Partly Through Forest Reserves.

Capital Is Heavily Invested.

preliminary steps have nearly been taken for the big pipe line from the Pacific Pipe Line Company from the Middle district Ventura seacoast, a distance of 100 miles.

There are practically been completed at the points of the line except at the points of the line. Rights of way have been secured through Kern, San Luis Obispo, Santa Barbara and Ventura counties, and thirty-eight miles of the line is to extend through forest reserves.

The project is to extend through forest reserves, and from private lands along the way of the line have been secured.

It is to be 6 inches in diameter, and the terminus will be in the city of Mariposa, the other near the city of Fresno.

The Pacific Pipe Line Company is estimated at \$10,000,000, and is owned by English capital.

Five Oil Showings.

No. 4 of the Union Oil Company in La Habra Valley which is 2510 feet has gotten an excellent showing of oil from the top of the thin 1100 feet of the top of the oil. It has had 75 feet of oil and is now down 215 feet. It is

Black Dress Goods

Our showing of black dress goods is both extensive and comprehensive. It comprises the entirely new weaves as well as all the staple materials. Among the new fabrics will be found:—

Ziberline novelties, Eponge, Velour de Laine, whipcord, diagonal and basket weaves. Our complete stock of staple materials comprises:

Serges, broadcloths, all wool or silk and wool Poplins, Tussah Royals, and Roxanna Suitings.

IN CLOAKINGS YOU WILL FIND SEALETTE, PERSIAN LAMB, ASTRACHAN, AND BOUCLE EFFECTS.

If one's wardrobe is limited to a few dresses—one should be black—for it is universally becoming—and always possesses a quiet elegance that makes it admirably adapted for wearing at all occasions. We invite you to inspect our splendid collection of black goods, today.

All Colored Parasols On Sale 1/2 Price Today

This offer includes both plain colors and fancy effects. The parasols are clean and desirable and many are in styles that will be good next season. This low price is made to close them out quickly—rather than carry them over. In this "land of the afternoon" parasols can be used nearly all the year—so it's not too late to buy—and to save as much as you pay—is certainly worth while.

8% Quick Cash Convertibility

Secured Gold Notes

To leave surplus working capital, or funds reserved for emergencies, "on deposit" at low earning power is unwise. SECURED GOLD NOTES are as safe as cash on hand, and earn as much as 8%, according to terms.

The GOLD NOTES I am authorized to issue are doubly protected. In addition to the general assets of the corporation, a definite, individual SECURITY is deposited with a bank and so certified by the institution.

The SECURITY is the highest type of stocks, bonds and first mortgages as accepted by the leading financial institutions.

GOLD NOTES are convertible into cash in as short a time as 30 days. Issued in denominations of \$100 to \$5000.

I CURE PILES

WITHOUT AN OPERATION
BY MY PAINLESS DISSOLVENT METHOD.
With my method an operation is absolutely unnecessary, for I dissolve the pile tumors without pain, inconvenience or loss of time. I also cure without operation Piles, Hemorrhoids, Ulcers, Hemorrhage and Prostate. My dissolvent treatment is absolutely my own, and no other physician is using it. Call at my office and I will be pleased to give you the names and addresses of many well known Los Angeles people I have cured, whom you may interview in regard to my treatment. I treat no disease except those of the Rectum and Bowels.

I GUARANTEE TO CURE every case I treat.
My Dear Dr. White: I wish to express to you again my heartfelt appreciation for what you have done for me. After suffering for years with the worst form of hemorrhoids YOU HAVE CURED ME COMPLETELY, and during the treatment I did not turn aside from my usual work. I therefore commend you and your method to all sufferers from rectal disorders. Very gratefully yours,
REV. EDWARD H. BROOKS (Baptist Minister), 2212 Maple Ave., Los Angeles, Cal.

Pen Points: By the Editor

Speaking of "hot tangle" in the saw a jointed hot tangle!

Having any trouble cracking the bottles in the hot water this fall?

Since it has been demonstrated that fresh air will do for the sick, why not for the well?

All of these political spots are like a Mexican revolution, a general.

We hope that if the Democrats don't press this fall that the price of beef will be reduced.

These September days are the best and there are yet people who picnic is an occasion for real enjoyment.

Political rallies are already in evidence, but we miss the familiar hat and long-tailed coat among the well.

We should judge by the tone of the don press that President Taft is making much of a run in England, well.

If the worst comes in Mexico following the example of Gen. Huerta, his dispatches "Headquarters Saddle."

Organizations needing extra earnings this and next month can be addressed any of the local candidates.

What has become of the young man whose first position was red side-bar buggy to take his Sunday?

The \$150,000 that Col. Roosevelt would not receive was probably the Standard Oil crowd on the second call.

If Woodrow Wilson had not knocked Bryan into a cocked hat where would Woodrow Wilson be? It is hard to guess.

What has become of Judge Baker, the man who delivered the address at the Baltimore conference by the way, what did he say?

All of the Bull Moose Congressmen in which Gov. Johnson himself was defeated at the polls. The voters are getting onto him.

It will be found on the last issue of the real Republicans of California, the bolting sort. They are fighting Democracy and all of the local side-kicks.

So far the voting population accept "Liar" as an answer to the money of E. H. Harriman, Robert Odell and Boies Penrose. The million answers nothing.

No three-party movement has succeeded in the United States and all were conceived and delivered mainly by the present movement by ex-President Roosevelt.

Some of the frauds pulled off by the Bull Moose at the recent primary election organization, formerly at the political affairs in Los Angeles county, look like 30 cents.

Isn't it a bit of nerve for Col. Roosevelt to call the men who dug up money for him during the campaign of 1904 "liars"? Impudence of it is that they are lying truth.

Curiosity will account in a great measure for the crowds that are gathered in Col. Roosevelt in his speaking tour in this country drew such large audiences as Bryan in 1896, yet he was called by McKinley.

The Prohibitionists are kicking the victims of Rooseveltitis are called the running "third party." The Bull Moose are about the only Prohibs have been the "third party" these many years.

It is declared by entomologists that have discovered a remedy for the blight. Then for the love of the sun on it on the political year upon a long-suffering people by Bull Moose press.

Senator La Follette, whose name was dictated by Pinchot and Gurnea, was completely recovered, and he is some steady blows to the nerves of the champion Bull Moose.

Blind Keeper of the Gates of Sleep.

Patient and mute, with closed eyes and hands.

And face that seems so blank, no words.

The temper of the stealthy, throbbed. Know you not one whose very hair is a-hair.

(Loves overflowing, hates that his soul is captive while his body is free.)

Beyond an easy entrance through the gates?

Oh, stand aside and let his soul be free. For he is weary and his spirit is free. For succor from the struggle and the dust of battle and the heavy burden of the day.

And deep forgetfulness of all that was.

Silk Tie-Wraps
\$24.65 Today!

—"they're worth \$32.50 — and would easily sell for more!" Chic charmeuse and satin capes that tie in very clever and quite "Frenchy" manner with the silk-tasseled ends of the new "Henry VIII" revers!

—one of the smartest cape-concoits that we've received—and owing to a most fortunate purchase we're well able to sell them for \$24.65 — much less than they should ordinarily sell for—especially so—because of their novelty;

—The combinations come in black satin or charmeuse, with mesaline linings, forming rever facings—of wistaria, gold, American Beauty, Copenhagen, sky, pink and dove. Then we've an all-black model, and are all-pink.

—Pull length in the back, rounding to the waist line in front where the silk-tasseled rever-ends complete the so-called tie-wrap.

THESE NEW SILK "TIE-WRAP" THAT SHOULD SELL FOR \$32.50, ARE TODAY ONLY

\$24.65

—See the special display of these Silk "Tie-wrap" in our Broadway street windows—Today.

—C'ming!—
—The Black Silks Sale—at Coulter's—Thursday.

WILL SPEAK FOR TAFT.

John Maynard Harlan and Adam Bede Coming Here; Trailing Roosevelt.

John Maynard Harlan and J. Adam Bede, two famous Republican orators, are on their way from Chicago to Los Angeles, where they will address a monster Taft rally September 17. Harlan and Bede are following on the trial of the big Bull Me, who is due to arrive in this city September 14.

Harlan, who is the son of the late Justice Harlan of the United States Supreme Court, has been following Roosevelt on his tour for several weeks. He is an exceptionally interesting speaker and has the dik-dik hunter's record sized up to a T. Senator Bede is well known throughout the country as a humorist and orator of no mean ability; he has been stumping for Taft and Sherman ever since the Chicago convention.

Harlan and Bede will address a meeting at Santa Barbara on September 16. Every effort will be made by Los Angeles Republicans loyal to President Taft and true Republican principles to have a great throng turn out to hear these two able spellbinders when they come here.

If any voter is on the fence in this campaign and wants to get a bee line on the monumental fakery of an Africanus Bull Me by the name of Roosevelt he should not fail to attend the Harlan-Bede meeting.

tomorrow noon for luncheon at Christopher's, No. 551 South Broadway, in the French room. Following out the idea of going "hatted" to build the women's clubhouse, it was decided at the executive meeting of the Women's Improvement Association held yesterday at the home of Mrs. Frank Stephens, that the clubhouse would be located in all members of the club, to be filled out and turned in at the big opening reception to be given October 2, at the home of the president, Mrs. Frank Stephens, No. 1231 Laurel street. To the women who come "hatted," but subscription to the reception will be tendered anything but a cordial welcome. At this reception will be the plans of Norman E. Marsh, architect, of three different styles of clubhouses, which are now under consideration by the board. Upon raising \$1000 before October depends the fate of the clubhouse, otherwise they will build on the lot they now own, as the board does not feel that it is the responsibility of building on a new site, which is a larger one and a more prominent location. The present lot proved to be at the corner of Fremont avenue and Rollins street.

BULL MOOSERS DOOMED.

They Refuse to Resign from Republican Ticket in Maryland and Will Be Deposed.

BALTIMORE (Md.) Sept. 10.—The Maryland Republican State convention will re-assemble here to depose three avowed Bull Moose supporters chosen last May as Presidential electors, who refused to resign, and to name successors to them and to the three other Roosevelt men who did resign when Mr. Taft was nominated. Col. Joseph R. Baldwin is one of the three who refused to get off the ticket.

LED TO ALTAR BY ANGELENO.

Clarence Robert Edwards and Miss Evelyn Adams Are Married at the Home of Bride's Parents.

OAKLAND, Sept. 10.—[Exclusive Dispatch.] The marriage of Miss Evelyn Adams, the daughter of Mr. and Mrs. W. H. Adams, to Clarence Robert Edwards of Los Angeles took place this evening at the home of the bride's parents on Lake Shore boulevard. The ceremony was followed by a reception and wedding supper, after which the couple left on their honeymoon, the destination of which they did not reveal to their friends. They will make their home in Los Angeles, where Edwards is established in business.

County Nurses Hostesses.

The Los Angeles County Nurses' Association members are to be hostesses tomorrow afternoon from 3 to 5 o'clock to the Army Nurses at No. 1103 West Eighth street. Officers of the State and county associations and presidents of hospital alumni associations are to be in the receiving line.

A Year's Swindling Operations.

[New York Times.] In 1911 the American public paid over \$120,000,000 to swindlers, according to reports by postal officials. This was an increase of \$10,000,000, or nearly \$1,000,000 a week over 1910. According to the report the swindlers usually took the form of bogus mines, worthless lands and fake remedies. The same amount of money expended in legitimate development would have built numerous small railroads in growing communities, erected factories, put up mills, given gas and electric power to thousands of small communities and in other ways would have worked a vast amount of good, besides, under proper expenditure, yielded liberal returns to the investor.

TENDER HANDS LAY LOVED FRIEND AWAY.

REMARKABLE in its attendance and in the sentiments expressed was the funeral of William J. Murphy, late head of the Francis Murphy Association, conducted at the First Methodist Episcopal Church yesterday afternoon, from 3 until 4:30 o'clock. Among the speakers paying a tribute to the character of the man they mourned were Rev. Baker P. Lee, Dr. Charles Edward Locke, Rev. J. H. Phillips, Rev. Will E. Knighten, R. A. Richards and D. E. Luther, general secretary of the Y.M.C.A.

Not only did each speaker eulogize Murphy for his good qualities and remarkable career, but each emphasized the spiritual victory of death. To the many hundreds present who had loved Murphy and who had been helped by him, those who spoke made his passing the triumph of a Christian man who was strong and glad. Each pictured him as a man of power and use in his life and as one whose sun had melted into the increasing brilliancy of the eternal dawn. Dr. Locke declared that death is always dawn and never night; that it is only the graduation of the soul and that what men call living is dying, while what they call death is only the birth of man into the life that is everlasting. To be born of earth, he said, is opportunity, and to have the second birth is heavenly vision, so that a man's labor and his love become of effect, but while it is great to be born and great to pass the way of earth in earnestness and hope, it is by far greater to die. Death is the exchange of a crumbling crystal for the white wings of the soul. Never would the radiant butterfly return to the numb cocoon. Man goes that he may be with Christ and the presence of Christ is always love, light and joy. Men cannot be in Christ's presence and not have life. Murphy hated drink, but he loved a man who drank. He hated a saloon and would have smashed it, but he loved the man who ran it. His love for men was that of the Christ man.

Rev. Mr. Lee's oration was one of urge and power. He, too, pointed the grave as a step in life and always as the ascension to the larger life and the greater light. Songs were offered by Miss Wadey and Mrs. Nell McCune, and there was also music by the Apollo Quartette, the members of which often sang at Murphy's meetings. The active pallbearers were F. W. Blanchard, W. C. Patterson, Harry Chandler, Frank Dominguez, Capt. Eugene Merrick, and Samuel Farcho, among the honorary pallbearers were many of the leading citizens. The procession which followed the casket to the cemetery included a platoon of police, headed by Chief Sebastian; a large number of the Salvation Army, led by Maj. Dart; members of the Methodist Mission in charge of C. E. Sweet; the Volunteers of America, in command of Maj. Husbek, and several others. So numerous were the floral offerings that two automobile trucks were required to carry them, and in his eulogy of Murphy, R. D. Richards stated that if every helpful word and deed which had made the sum of Murphy's life could be transmutated into a flower, no temple in Los Angeles would contain the multitude of blossoms.

BETTER THAN BULLETS.

Woman's Screams Put Burglar to Flight But He Takes With Him Purse and Money.

Screams that could be heard a block away uttered by Mrs. L. Curteen, at the Griffith apartment, No. 949 East Ninth street, frightened a burglar from his sleeping room early yesterday morning. The woman heard strange noises and turned on the electric lights. She saw a man and she screamed the thief ran. He took a purse containing \$2.

Mrs. W. S. Skelly, of No. 517 South Flower street, reported to Central Station detectives that a sneak thief, who gained entrance into her house Tuesday night, stole some small change.

CAVE-IN CRUSHES MAN.

While Helping to Construct Dam for Aqueduct Workman Is Perhaps Fatally Injured.

A fractured skull, a broken back and serious internal injuries were sustained by C. A. Peterson yesterday afternoon while he was working on a cave-in in Franklin Canyon, near Hollywood, as he was working on a dam to be used in connection with the aqueduct. The face of the excavation gave way without warning, completely burying Peterson. He was saved from suffocation by fellow workmen. Peterson is an employee of the city water department, and is about 50 years old. He was removed to the Clara Barton Hospital. Willie Burgett, 5 years old, living at No. 1908 Echo Park avenue, was bitten on both arms yesterday afternoon by a dog next door that was chained to a post. While playing in the yard Willie fell down near the dog. His cries enraged the animal, which pounced upon him. Before the child could escape the dog had torn the flesh on both arms between the elbow and the shoulder. John Herikoff, 33 years old, No. 121 South Clarence street, got his right hand caught in a cut-off saw at the mill of the Pico Heights Lumber Company, which was almost severed and the end of the ring finger was much lacerated. Holder Buell was "scissored" between two Pico Heights cars at Pico and Olive streets, yesterday, in his auto. He sustained a broken ankle. The machine was wrecked. Motor-men Brown and Johnson were in charge of the two cars. It is said Buell tried to cross in front of one car, not noticing that the other was approaching.

OWENS VALLEY SPECIAL.

Southern California Editorial Association Plans Excursion to Aqueduct Head.

Preparations for the visit of the Southern California Editorial Association to the Owens River Valley and to Bishop particularly are going ahead rapidly according to W. A. Chalfont, editor of the Inyo Register, who is at the Lakeshore while here arranging details. "We will hold our first annual fair and exposition October 6 to 12 and are expecting a special train from Los Angeles," said Chalfont. "Naturally we do not hope to duplicate La

RAIN GAUGE SHOWED PRECIPITATION of seven and one-half inches in twenty-four hours and a measurement was taken in the San Gabriel Canyon was washed out by a flood which reached twenty feet of depth. Another record in the same locality was of four inches rainfall each on the nights of Friday and Saturday. At Glendon Saturday was a cloudburst which swept away several frame buildings and tore out several hundred feet of Southern Pacific track.

GAMBLER DIES. Ezra K. Bartlett, for many years one of the best-known gamblers of the Southwest, died a week ago in New York. His last southwestern venture was the operation of a large gambling hall in Tucson, closed by enactment of a territorial law.

ELABORATE HAND-PAINTED INVITATIONS on vellum have been sent by the local Junta Patriótica to Gov. Hunt of Arizona, Gov. Maytore of Sonora and President Madero of Mexico, asking attendance upon the Tucson celebration of Mexico's day of independence, September 16.

TIMES HAVE CHANGED. FRONTIER IS GONE. (Special Correspondence of the Times.) BISHOP (Ariz.) Sept. 8.—Only a few years ago this section of Arizona had a degree of pride in the fact that the wild and woolly West still could be found in its midst. The cowboy then took summary action against the maverick hunter and no range rider really felt attired in place. This condition is to be contrasted with that generally reported at a late meeting in Douglas of the Cochise County Stock Growers' Association. The association concerns itself largely with the joint protection of the herds of its members and offers a standing reward of \$500 for the arrest and conviction of persons caught stealing or slaughtering a member's cattle. A number of arrests have been made on this account and more are expected soon. Discussion over the thefts developed the fact that few of the members are prepared to assist in the enforcement of the law, for lack of firearms, and that the usual course in case of trouble is to send for a peace officer. William Riggs, one of the leading cattle owners of the county, admitted that he still had a number of rifles at his ranch house, but stated his belief that there wasn't a cartridge in hand.

BIG SWATTEST. A "swatfest" inaugurated by the Daily Review of Bishop resulted in total destruction of offerings of 2,001, 400 dead flies, nearly all brought in by nine boys and one girl. The winner of the first prize was Richard Phillips, with Leslie Park a close second.

ARTESIAN FLOW. A remarkable artesian flow has been struck in the San Pedro Valley, near Redington, by Thomas Will, a farmer. The well, of ten-inch diameter, had reached the depth of 150 feet when the pressure of gas and water stopped drilling and forced the heavy tools out of the bore. As a test, more than a ton of steel was placed on the end of the pipe, only to be pushed off by the pressure from below. A reduced stream is thrown several feet into the air, supplying 1750 gallons of water a minute. Artesian water has been found before in the valley, but not in such quantity. On either side of the valley are high and well-forested mountains.

DURING THE LAST TWO WEEKS of August, over 5 inches of rain fell in Bishop, giving a total to September 1 of 20 inches precipitation. The average local record for a year is only 17 inches.

MAY GET MEDAL. Frank Aguilar, a young resident of Nogales, has been recommended for a hero medal. Last week, in a mine three miles from Nogales, at the bottom of an eighty-foot shaft, William Miller was overcome by foul air, probably dying within a few minutes. Aguilar volunteered to go down and bring up the body, his employer, Charles D. Byer, remaining at the top to work the windlass. At the bottom, however, Aguilar fell insensible before he could put the body into a white bucket. Hoisted speedily to the surface, he could not be roused to sensibility by Byer's efforts in less than an hour. Then he insisted upon being lowered. The second time, Byer provided an additional loop in the rope to which he had tied Aguilar, and this loop was secured by the young hero around Miller's body before he again dropped to the floor of the shaft. Byer hoisted his double burden of living and dead and worked for another half hour upon Aguilar before he could resuscitate him.

FRIDAY BISHOP'S 3-WEEKS-OLD son of Albert Reynolds died from the results of a scorpion sting upon its body. The original "bonehead" has been found in the person of Eduardo Casterosa, who was treated lately at the Fort Huachuca Hospital for a scalp wound. He had quarrelled over the ownership of a burro with Jose Varela, who had used the argument of a shot from a 45-caliber revolver. The bullet struck Casterosa fairly upon the forehead, but glanced upward, making a gash of only slight importance, not even fracturing the skull.

WIFE FIXES SENTENCE. In Douglas last week, William Self was tried for drunkenness and disturbance of the peace, a dual charge which usually had to be brought against him whenever he came to town from his Sulphur Springs Valley ranch. His wife was a witness at the trial and upon her Justice Rice placed the task of sentence. Her decree, now being carried out, was that the man have ten days' imprisonment, with hard labor upon the streets.

THE DOUGLAS CITY COUNCIL has restricted its general raise of assessments upon city property, demand of a few score of enraged taxpayers and threats of the recall.

AN AMPLI SUPPLY OF WATER for Fort Huachuca is to be obtained from an 8-inch pipe line now being put in place from Garden Canyon, nine miles from the fort. The present supply is insufficient for the regimental post which is to be built below the old site.

PLAYGROUND OFFERED. The Bishop Commercial Club has offered to equip a playground for the children of the city if the City Council will provide a site in turning over the club an old and unused cemetery plot.

DOUGLAS IS UNIQUE in having about all its churches grouped upon a single block, the site of the town. Plans have been prepared for erecting upon the block a Jewish Synagogue, costing about \$1000. The synagogue is to be used in connection with a school.

BISSIE CLAIMS THE HONOR of having more lock boxes in her postoffice than are known in any other second-class office on earth. The city has been considered too hilly for free delivery. Therefore, additionally heavy has fallen the order of Congress that box owners no longer shall be served with mail on Sunday. An agitation has been started by some of the box holders demanding return to them of a proportion of the money they have paid for service now abridged one-seventh.

CAPT. J. E. GAUJOT, First Cavalry, has been awarded a medal of honor for gallant service at Douglas, Ariz., April 13, 1911, when he saved from death thirty Mexican soldiers and five American prisoners, all hemmed in by Mexican rebels across the international line. Accompanied by Chas. M. McKean, a civilian, Captain Gaujot twice rode into the line of fire and secured from the insurgents for the besieged and their surrender to him north of the line. McKean is a construction foreman at the Calumet and Arizona smelter.

WHAT WOULD GIVE MORE REAL PLEASURE in this land of sunshine and splendid surroundings, than a good big touring car, which you could use every day in the year? The Times gives you a chance to win one at absolutely no cost to yourself in the "Book-Ver's" Contest. A big pleasure touring car, fully equipped with extra casing, tube and tire cover. The entire car is insured against theft. It is a beauty. Any woman can drive it.

THE MILD, MELLOW QUALITY of Lewis' Single Binder cigar is what the smokers want.

24 FULL CARLOADS OF PIANOS

The World's Greatest Sale of the Did You Ever See Such Wonderful Bargains as These?

There has never been presented to the piano buyers of Los Angeles, or any other section of the United States, an opportunity to obtain the very finest imported pianos, as well as the most celebrated American makes, at prices anywhere near as low as these. The great piano deal, whereby we took over the entire stock of the Robert Witte Piano Company, has resulted in bringing to this store twenty-four full carloads of famous pianos. Mr. Witte for years sold pianos to the most exclusive and the wealthiest homes in Pasadena and other cities. He was, without doubt, one of America's foremost importers. He handled none but the finest pianos. He accepted in exchange only instruments in the best possible condition and those which had been used but a short time. The entire stock which we have just received from his stores, will be placed on the Los Angeles piano market at prices that will absolutely command their immediate sale.

THIS TELLS THE STORY

BIG PIANO DEAL CONSUMMATED

Elfers Music House Takes Over Entire Piano Stock of One of the Biggest Importers in America.

One of the biggest piano deals to be completed within the last few months, has just been made public with the announcement that Elfers Music House will at once take over the business and stock of Robert Witte, the well-known Goshen importer of the celebrated "Ritter" and other high grade pianos.

Mr. Witte had established most successful branches in Riverside, San Bernardino and Monrovia, and had made his headquarters at 195 E. Colorado Street, Pasadena. He catered exclusively to those well-to-do and discriminating classes who appreciated the superiority of the grand, upright and player pianos which he imported.

His health, however, broke down under the strain of attending to his many duties, and after consulting several specialists he decided that his only chance for recovery was a return to his home in Germany. Appreciating the fact that such an extensive business was not likely to be entrusted to a representative, he chose Elfers Music House as his successor, and arrangements will immediately be made to continue the importations of the famous pianos and for the immediate sale of those on hand at the Witte Store.

Several of the most beautiful of the Pianos have already reached Elfers Establishment at 44 So. Broadway, and are creating a great deal of interest among all visitors. The children now be seen the exact duplicate of the instrument which won the Latest Grand Prize, Turin, 1911, and which has since won several prizes of equal importance and almost numberless Gold Medals at various International Expositions.

Terms

Cash is not necessary; \$10 down and \$9 a month takes some of them. In fact, bring what money you can spare as a first payment—come in and talk it over at once. Any piano in the store will be sold upon two and a half to three years' time, with no advance in price, excepting simple interest.

A Word About FREE Music Lessons

With every piano which you buy here during this sale we will give FREE a course of lessons in the celebrated Columbia Conservatory of Music, in the Majestic Theater Building. This is undoubtedly the leading musical college on the Western Coast. Its faculty is composed of artists whose reputations are world-wide. Start the children in a musical school this Fall as well as in their regular school work. You will never regret having opened to them the way to the wonderful enjoyment which music alone can bring.

Guarantee

Our warranty on a piano is as good as a banknote. Ask any bank or banker, any business man or counsel Bradstreet's or Dun's financial agencies. These pianos are now being sold under definite and positive representation as to what they are and their value. Your money will be cheerfully refunded at any time should you discover that these representations were not what they should have been. In addition to which you have our two years' free trial exchange agreement and a certificate of warranty from the manufacturer.

PERSONALS.

H. G. Robertson arrived yesterday at the Lankershim from New York. He is a clubman of some note and inventor of the club cocktail, according to some of his friends. Mr. and Mrs. R. R. Montgomery are staying at the same hotel, registered from Decatur. Montgomery is owner of an implement factory. M. C. Drisko of Hartford, Ct., a merchant, is at the hotel.

A party of mining men, passing a few days at the Angeles, is made up of E. B. Axon of Tonopah, Emil Elikner of the same place, and W. R. Williams of Minneapolis, who has interests in Nevada. Mr. and Mrs. J. L. Fletcher are guests at the hotel. Fletcher is a Phoenix real estate dealer. Dr. T. W. Sheldon and Mrs. Sheldon registered at the hotel from San Francisco.

Yesterday was physicians' day at the Van Nuys. Dr. Karl Koenigshausen of Berlin came from the greatest distance. Dr. and Mrs. J. McDonnell of Edmonton, Can., also had a long journey. Dr. and Mrs. H. H. Robinson registered from Seattle. J. M. Dunn, an oil operator of Bakerfield is staying at the same hotel.

Martin Judy, who is said to be one of the principal if not the largest extensive grain shippers in California, is registered at the Hollenbeck while here from Antioch. Frank Logan, interested in gold mining in the Empire district of Mexico, fled that place with his family on account of the war menace and registered at the hotel from Sonora. M. S. Nelson is a cattle man of Ash Fork, Ariz., who is staying at the hotel.

F. L. Wood, general California superintendent for the Pullman company, is registered at the Hayward while here on a tour of inspection. Mr. and Mrs. W. J. Ashton registered at the hotel from Abilene, Tex., where Ashton is a land operator and rancher. Mr. and Mrs. William O. Cox of Eureka are staying at the same hotel. Cox is a lumber shipper.

Mr. and Mrs. J. St. Clair of Vancouver are guests at the Alexandria. St. Clair is in the investment business. M. Spier, manager of the Joseph Bechtel Company of San Francisco, with M. G. Fox is making his home at the same hotel. Mr. and Mrs. C. A. Morris are occupying a suite in the house. Morris is interested in mining properties in Nevada. G. Janzen, owner of a coffee plantation in Sumatra, is one of the foreign arrivals at the hotel.

G. A. Ramsey, whose name is one of cabalistic significance this week in Los Angeles, is passing a few weeks with his family at the Seminole, where he is registered from Rock Island.

"Jack the Slasher" has made his reappearance in the shopping district after an absence of several months. With a knife or razor he raved a skirt worn by Mrs. E. P. Verrill of No. 241 South Hampshire street, by cutting a gash in it about fourteen inches long, while she was walking on South Broadway. The miscreant did the cutting so deftly that the woman did not know when it happened.

SLASHES WOMAN'S GOWN.

The Los Angeles branch of the International Stewards' Association will meet this afternoon at Brink's Cafe to take up particularly the indorsement of the present plan of municipal markets for Los Angeles and also to co-operate with the Cooks' Association in the great culinary exhibit which the latter will hold in Los Angeles next month and which is expected to do much in the matter of educating the general public to pure foods and methods of their preparation.

Piles, Fistula, Fissures and Hernia
Most Time Saving, Most Natural,
Most Safe. No Detention from Occu-
pation, Family or Home. A Radical
and Permanent Cure.
I invite you to come to my office. I
will explain my treatment for Hem-
roids, Piles, Fistula, Varicose Veins, Pelvic
Nervous, Blood, Kidney, Bladder and Re-
productive Diseases.
Piles, Fistula, Rectal Diseases.
These diseases are very common; most
frequently found in persons of middle or
advanced age, are exceedingly annoying,
often very painful, and sometimes very
dangerous, and frequently unfit one for
pleasure or occupation. My treatment and
successes are the result of years of ex-
perience. My treatment is kindly applied.
I cure Piles without cutting. If I do
not cure your Piles, Fistula and other
Rectal Diseases, my treatment does not
cost you anything. Gentleness in treat-
ment comes from treating many cases.
I guarantee a cure of Piles, Fistula, Ul-
cers and all curable Rectal Diseases.
Trusses Seldom Cure Rupture.
Disregard for existing Hernia has cost
many lives. The smallest hernia is the most
dangerous, because of the increased
ability to strangulate. I am aware
that a great deal of fraud has been prac-
ticed in connection with the alleged cure
of rupture. I say positively that I cure
Rupture, to stay cured. I cure with per-
fect safety, and entail no suffering, and
do not detain you from occupation.

WRITTEN GUARANTEE.
Dr. Tillotson's written guarantee
means a cure or no pay for services.
I guarantee to cure certain diseases or
refund every dollar you have paid me.
My services cost you nothing unless I
cure your Varicose Veins, Hemorrhoids,
Piles, Fissures, Fistula or any disease.
I guarantee to cure. My terms are
reasonable and no more than you are
willing and able to pay.
READ MY BOOK—It contains in-
formation every person should have
regarding themselves. Sent Free to
those who, in my opinion, will be ben-
efitted by it.

PRESIDENT BAUM
SUSPENDS BROOKS.
LA. P. NIGHT WIRE TO THE TIMES.
SAN FRANCISCO, Sept. 10.—
After receiving a telegraphic
report of yesterday's baseball
riot at Los Angeles, President
A. T. Baum of the Pacific Coast
League suspended today Catch-
er Clarence Brooks of the Los
Angeles club.
Brooks' refusal to accept the
decision of Umpire Phil Knell
in regard to the former's right
field drive, which Knell called
a foul, precipitated the riot and
brought a mob upon the field.
"I intend to make a further
investigation of the case," said
Baum, "and will impose fines
upon other players who were
disorderly."
Brooks' suspension was in-
definite.

WOLGAST-MCFARLAND
FIGHT CALLED OFF.
(By Federal (Wireless) Line to The
Times.)
NEW YORK BUREAU OF
THE TIMES, Sept. 10.—[Special
Dispatch.] The management of the Garden Athletic
Club has finally decided not to
meet the excessive demands of
Ad Wolgast, the lightweight
champion, for a bout with
Paddy McFarland and has
called the affair off. In place
of Wolgast, Freddie Welsh, the
former English lightweight
champion, has been substitut-
ed. The weight has been fixed
at 135 pounds at 3 o'clock, and
the bout will be staged on
September 27.

POLO SEASON
OPENS TODAY.
Graduation Exercises for
Green Ponies.
Practice Games to Decide
Team Make-up.
Distinguished Polo Experts
Are Coming.

BY OWEN R. BIRD.
The opening gun of the polo season
will be fired this afternoon at Four-
teenth Park, Pasadena. When the
first practice game will be played by
the experts who have been training
at Pasadena for the past few months.
This game will be one of a series, the
purpose of which is to determine who
shall represent Pasadena in the tour-
naments this winter. The Crown City
will be on the polo map this winter
with two teams, A and B, but as to
the make up of the teams, nothing
definite is as yet known. Harry Wales,
captain of the Pasadena aggregation,
says that he knows who the eight
players will be, but does not know to
which teams they will play. This mat-
ter will be settled during the prac-
tice series.
According to present preparations
the coming season will be one of the
most interesting in the history of the
West. All the former teams will be
in the field and match games are to
be arranged with Denver, Kansas City
and the new club, which has been
formed in Portland. Besides these
teams, Lord Tweedmouth has pro-
posed to bring over an English team
to compete for the American trophy
and the various club trophies offered
on the Coast, that will take the meas-
ure of every team on the Coast and
in the Middle West. His lordship will
not divulge the names of the men on
his team, but Mr. Wales thinks they
will be practically the same as last
season with the possible exception of
one, and there is a rumor that the
Duke of Westminster will be the man
to fill the gap in the English line.
WILL TRY GREEN MOUNTS.
The first practice games at Pas-
adena will be interesting owing to the
fact that the green ponies, that have
been under education this summer,
will be given a good try-out. Mr.
Wales says that the local players all
have new strings and that there is a
lively interest being taken now in
these raw mounts. It seems that polo
ponies are getting very scarce, as it
has been found out that they need
a certain amount of breeding to stand
up under the work. The standard is
being drawn very fine this year, twen-
ty-three, to fifteen hand, being the
required height, thus giving but one
inch to go on. When you come to
cram speed, stamina, intelligence and
breeding in this space, "going some"
is right. Horses three-quarters bred
are the ones in demand, as the thor-
oughbred is likely to be too high-lifted
for practical use, as nine out of every
ten, get the racing idea and then they
are useless.
But to get back to this opening
play at Pasadena. The men who will
figure most strongly in the first few
games will be John Miller, Carlton
Burke, John Hobbs, Harry Wales,
Reggie Weiss, Dr. Voucher, Dr. Mal-
aby, Bob Neustad and probably Tom
Weiss, though it is not known yet
whether Tom Weiss will be out this
season.
John Miller and Carlton Burke will
likely captain the two teams this af-
ternoon under the eagle eye of Capt.
Harry Wales, as it will be up to him
to make the final selections for the
two teams.
NEW TEAM AT PORTLAND.
It is a little early to predict any-
thing for the Coronado team this sea-
son, as Maj. Ross has just re-
turned from a long stay at Portland,
where he has been organizing a team.
He left the northern team under the
leadership of E. Leadbetter, who
played last year with the Santa Bar-
bara team. The major says that the
Portland team is composed of some
rattling good players, individually, but
does not know what the team will do
in an open tournament as a whole.
This season at Santa Barbara, where
three Boeseke brothers will be of
strength of the team, and all the wise
ones say that this combination will
boost the chances of the Channel City
to the Nth degree. Dr. E. J. Boeseke
will be in command, with brothers Ed
and Burt. Burt Boeseke was out of
the season last year because of an in-
jury. He is playing in his old-time form.
The fourth member of the team is a mat-
ter of conjecture, but if he is in a
class with the Boeseke combination,
Santa Barbara will be a very impor-
tant factor in the tournaments this
season.
TOM DRISCOLL TO LEAD.
Burlingame will enter the field un-
der the able leadership of Tom Dris-
coll, the famous left-handed player.
Rob Tobin will also represent the
northern club and very likely W.
Breesee will be in the game, though
there are still two places on the team
in doubt.
At the present time it looks as
though Pasadena would be the best
mounted team in the circuit, though
S. H. Velle of the Kansas City team,
playing in the East at the present
time, seems to have his men on some
of the fastest ponies in the business.
Kansas City matches will be tough
games, as all the players are seasoned
veterans and have been under the
lately in the East. Denver is also
anything but a green team, so when
these two newcomers arrive in our
circuit there will very probably be
some extremely lively times.
The players in Southern California
are getting an unusually early start
this season, as all realize that this
winter will witness some of the great-
est polo ever played in the United
States, and therefore are getting
ready accordingly.
LORD DECIES COMING.
NEW YORK, Sept. 10.—[By A. F.
Night Wire.] Lord Decies, who will
be a visitor here during the national
horse show in November, has pro-
posed the association with a handsome
trophy which is to be known as the
"Barstow Challenge Cup" to be
contested for by officers of the United
States Army. Only officers on gov-
ernment horses can compete.

Polo Season Opens.
Two of the prominent players who will take part in the opening game at
Pasadena today to try out the ponies.

WHAT VAN COURT HEARS
AMONG THE FIGHTERS.
BY DE WITT VAN COURT.

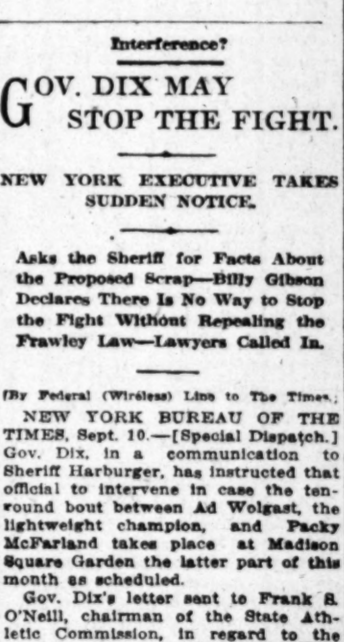

TIM M'GRATH is anxious to match
Eddy Campi with Johnny Coulon.
Tim writes that he brought Eddy
down to box Chico with the under-
standing that he would be given a
chance to box for the bantam cham-
pionship if he made good.
He surely made good, and should
be given the chance. A match be-
tween Campi and Coulon would be
one that would bring together two of
the cleverest men that ever boxed in
any ring.
The last match between two real
and extremely clever men, was the
one between Jim Corbett and Kid Mc-
Coy, and that was said to have been
a fake.
Coulon and Campi would surely
box on the level, and the wonderful
cleverness of these boys would give
the fans something to talk about for
years to come. Coulon has had much
more experience in long contests than
Campi, which would give him a de-
cided advantage, but Johnny does not
seem to be quite the boy he was a
year ago.
(Continued on Third Page.)

GOV. DIX MAY
STOP THE FIGHT.
NEW YORK EXECUTIVE TAKES
SUDDEN NOTICE.
Asks the Sheriff for Facts About
the Proposed Scrap—Billy Gibson
Declares There Is No Way to Stop
the Fight Without Repealing the
Fawley Law—Lawyers Called In.

BY FEDERAL (Wireless) Line to The Times.
NEW YORK BUREAU OF THE
TIMES, Sept. 10.—[Special Dispatch.]
Gov. Dix, in a communication to
Sheriff Harbinger, has instructed the
official to intervene in case the tan-
dum bout between Ad Wolgast, the
lightweight champion, and Paddy
McFarland takes place at Madison
Square Garden the latter part of this
month as scheduled.
Gov. Dix's letter sent to Frank S.
O'Neill, chairman of the State Ath-
letic Commission, in regard to the
Wolgast-McFarland fight says:
"It has been persistently reported
in the public press and the facts have
also been brought to my attention
that a contest is being arranged be-
tween Wolgast and McFarland for
Madison Square, under such circum-
stances as will virtually make the
contest a prize fight. I beg to in-
quire whether you are officially aware
of what is alleged to be contemplated
in this matter, and also to be advised
by you whether any license has been
issued by your commission intended
to authorize the proposed contest, or
under cover of which license such a
contest may have been projected? I
shall hope for an immediate reply."
Billy Gibson, manager of the Gar-
den A. C. said tonight that he was
going right ahead with the match.
Wolgast.
and was waiting to hear further from
Gibson said: "The bout is not de-
clared off yet, and we are going right
ahead with it. There is no way that
the authorities can stop this coming
contest unless they repeal the Faw-
ley law. This contest will be the
same as all others. If one bout is a
prize fight so are all others and Gov.
Dix will make a laughing stock of
the law if he takes any action in the
matter. We have a competent box-
ing commission here now and the
sport never was on such a firm foot-
ing as at the present time."
"Our lawyers have assured us that
we are right and being right we will
go ahead. Our original offer to Wol-

probably go ahead as he originally
said he would."

Interference?
